Thank you Jessica. Please find the attached requested documents..

Also as clarification to the below:

- There is no additional charge for travel time. Hourly rate is onsite from arrival.
- All IFSS field staff are FASA /BASA certified, some scanned employees are attached.
- Experience , we have included an experience response from a recent RFP as we did not prepare one for this bi specifically. This document does have relative experience for low voltage services.

Please let me know if you have any additional questions or concerns.
