3. ACCEPTANCE AND WITHDRAWAL OF PROPOSALS: A proposal (or amendment thereto) will not be accepted by the Internal Services Department / Purchasing Division after the time and date specified for the proposal opening, nor may a proposal (or amendment thereto) which has already been opened in public be withdrawn by the respondent for a period of ninety (90) calendar days after the proposal opening date and time, unless authorized by the Superintendent. By written request to Superintendent, the respondent may withdraw from the solicitation process and ask to have their sealed proposal returned at any time prior to the closing date and time for the receipt of proposals.

4. AMENDMENT & CANCELLATION: The Internal Services Department / Purchasing Division reserves the right to cancel, recall and/or reissue all, or any part, of this solicitation or Invitation to Bid, at any time, if it is found to be in the best interest of the district to do so.

5. SOLICITATION OF DISTRICT EMPLOYEES & ACCEPTANCE OF GRATUITIES: The district expressly

prohibits respondents from making any offer of employment or any other offering of value to any employee of the district who is directly or indirectly involved in the development, solicitation or evaluation and subsequent recommendation for award of this solicitation.

6. QUALIFICATIONS OF RESPONDENT: Proposals will be considered only from contractors, manufacturers, authorized distributors or dealers who are normally engaged in the manufacture, sale or distribution of the materials or services requested herein. The respondent must have adequate organization, facilities, equipment and personnel to ensure prompt and efficient service to the district. The Internal Services Department / Purchasing Division expressly reserves the right to reject any proposal if it determines that the business and technical organization, equipment, financial and other resources, or experience of the respondent, compared to work proposed, justifies such rejection.

7. CONFIDENTIALITY OF STUDENT RECORD INFORMATION: Student record information may be provided to vendors to enable them to respond to a sealed competitive solicitation or to an Invitation to Bid, or to perform under a contract already awarded to them. Vendors are hereby notified that any such student record information must be kept strictly confidential and may not be released to any other person or entity without authorization, pursuant to FS. 228.093 and Rule 6A-1.0955, FAC. Failure to comply with this directive could result in civil liability.

8. NON COLLUSION: The respondent, by affixing its signature to this proposal, certifies that its proposal is made without previous understanding, agreement, or connection with any person, firm or corporation making a proposal for the same item(s), and is in all respects fair, without outside control, collusion, fraud, or otherwise illegal action.

9. CONFIDENTIALITY OF INFORMATION SUBMITTED BY RESPONDENT: The district reserves the right to retain all copies of respondents' proposals and associated documentation submitted. Under Florida's public records laws, sealed proposals received by the district pursuant to competitive solicitations or requests for proposals may only be kept confidential until such time as the district provides notice of a decision or intended decision or within 30 days after the proposal opening, whichever is earlier. Vendor requests to hold certain submitted materials or information in confidence cannot generally be honored. If a vendor feels that public scrutiny of certain information requested in the solicitation documents could be detrimental to its business, the vendor should notify the district and cite the governing statute which exempts such material from public scrutiny.

In the matter of solicitations requiring a negotiation process; If the District rejects all sealed replies, the records may remain exempt from Florida Statute 119.07 until such time as the District provides notice of a decision or intended decision pursuant to Florida Statute 120.57(3)(a) concerning the reissued invitation or until the District withdraws the reissued

invitation. Records may not remain exempt for longer than 12 months after the initial notice rejecting all replies. (FS 286.0113(3))

10. SUBCONTRACTING: The respondent must describe in their proposal, all responsibilities that the respondent anticipates assigning or subcontracting, identify all the subcontractors and also describe how the respondent will manage these subcontractors. The vendor will be held directly responsible and liable for the actions of all of its subcontractors and the actions of its subcontractors' employees.

11. INTELLECTUAL PROPERTIES: If this agreement specifically provides for product development work on behalf of the District, any discovery, invention or work product produced for the District under this contract shall be the sole and exclusive property of the District. The vendor assigns to the District any and all claims of any kind, type or nature to such property, including but not limited to patent rights, copyrights and rights in data, arising out of the specific development covered by such agreement. Unless specifically agreed by the parties in writing, this paragraph will not apply to customizations of vendor's product. Any intellectual property rights arising out of such customizations will be the property of vendor. The parties acknowledge that if this Agreement does not specifically include the funding of any development, then all products, processes, or similar works developed and/or prepared by vendor in the course of this Agreement shall be the exclusive property of the vendor.

12. PUBLIC ENTITY CRIME & CONVICTED VENDOR LIST: Per the provisions of Florida Statute 287.133 (2)(a), "A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a proposal on a contract to provide any goods or services to a public entity, may not submit a proposal on a contract with a public entity for the construction or repair of a public building or public work, may not submit proposals on leases of real property to a public entity, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with any public entity in excess of the threshold amount provided in Florida Statute 287.017 for **CATEGORY TWO** for a period of 36 months from the date of being placed on the convicted vendor list".

13. PROPOSAL PREPARATION COSTS: The costs to develop the proposal are entirely the responsibility of the respondent, and shall not be charged in any manner to the district. This includes, but is not limited to, the direct cost of the respondent's personnel assigned to prepare the respondent's response to this solicitation and any out-of-pocket expenses (including, but not limited to, travel, accommodation, supplies) incurred by the respondent in preparing their proposal.

14. VARIANCE TO SOLICITATION DOCUMENTS: For the purpose of proposal evaluation, respondents must clearly stipulate any or all variances to the solicitation documents or

specifications, no matter how slight. If variations are not stated in the respondent's proposal, it shall be construed that the proposal submitted fully complies in every respect with our solicitation documents.

15. ADDENDA TO SOLICITATIONS IN PROCESS: Interpretations of the solicitation, clarification of solicitation specifications and requirements or changes to the solicitation which have a *material effect* will be documented and communicated to respondents **only by written addenda posted on www.demandstar.com**. Verbal responses to respondents' questions do not constitute an *official response* unless documented in the form of written addenda and shall be considered inadmissible in bid protest proceedings. All such written addenda should be acknowledged on the "**Addendum Acknowledgement Form**" or by returning a copy of the signed addendum along with your proposal as proof of receipt. Failure to acknowledge such addenda may constitute cause for rejection of your proposal. Telegraph, facsimile or email acknowledgements of addenda will not be accepted.

16. FLORIDA STATE CONTRACTS & FLORIDA DEPARTMENT OF EDUCATION CONTRACTS: If a company currently holds a contract with the State of Florida, Department of Management Services, Division of Purchasing or the Florida Department of Education (FDOE), to supply the products or services requested in this solicitation, the respondent shall quote not more than the prices listed in these approved contracts. Failure to comply with this request may result in disqualification. The Internal Services Department / Purchasing Division reserves the right to reject all proposals and purchase from State contracts or FDOE contracts if doing so represents the best interests of the district.

17. SAFETY REQUIREMENTS: All items proposed must comply with ALL applicable safety requirements as required by Federal, State and local regulations, OSHA & EPA guidelines, and any other laws and regulations that govern the item(s) or services requested in this solicitation. All electrically operated equipment shall be UL® rated or approved. Corded equipment shall have a 3-wire grounded power cord or be double insulated and labeled as such.

18. PURCHASE OF MATERIALS WITH RECYCLED CONTENT: The Internal Services Department / Purchasing Division will seek alternative proposals, whenever possible, for select products containing recycled materials. Such products shall be purchased as long as all specifications are met and the price does not exceed an amount 10% more than the cost of comparable products made from 100% virgin materials.

19. MANUFACTURER'S CERTIFICATION: The Internal Services Department / Purchasing Division reserves the right to request a separate letter from the manufacturer of the products proposed certifying that all statements and claims made in the proposal are true, and that all products proposed meet or exceed the specifications stated in the solicitation documents.

20. SOLICITATION QUANTITIES: Quantities listed in the solicitation are estimates provided for respondent information purposes only. No guarantee is given or implied as to the exact quantities which will be purchased from this solicitation. The district reserves the right to increase or decrease all estimated quantities during the term of this contract or to delete any item or items as it deems appropriate, without affecting the proposal pricing or the terms and conditions of the solicitation.

21. METHODS OF AWARD:

- a) **“By Item”**: Each item in the solicitation may be awarded individually to the lowest responsive and responsible respondent.

- b) **“All or None by Group, Section or Category”**: The solicitation will/may be divided into Groups, Sections or Categories of similar types of items when it would be impractical to split the award to multiple vendors. Each Group, Section or Category will be awarded to the lowest responsive and responsible respondent for all items contained within the Group, Section or Category. Respondents are required to propose on all items within the Group, Section or Category in order to be considered for award of that Group, Section or Category. After proposals are opened and tabulated, the Internal Services Department / Purchasing Division reserves the right to delete one or more items within a Group, Section or Category and recommend award of the balance of the items contained within that Group, Section or Category, when to do so represents the best interests of the district.

- c) **“All or None”** The solicitation will/may be awarded to all respondents to the solicitation, or may be awarded to no respondents. In the event of awarding to no respondents, the school district will issue a “Notice to Reject All Bids”.

- d) **“Primary & Secondary Suppliers or Contractors”**. The solicitation is awarded to both a **Primary** and a **Secondary** supplier or contractor when it is critical to have a backup source of supply, or when it is anticipated that only one vendor cannot effectively handle the volume of business generated under the contract. In the event that the **Primary** supplier or contractor cannot perform in accordance with the district's needs, the district reserves the right to use the **Secondary** supplier or contractor at its sole discretion. The **Primary** and a **Secondary** suppliers or contractors are defined as the two lowest Responsive and Responsible respondents.

- e) **“Rotating Short List of Contractors”**. An ITB is awarded to a short list of Responsive and Responsible contractors, the number of which is pre-defined in the solicitation documents. The district will use a list of selection criteria to determine eligibility to make the short list. Project work is rotated through the short list as it is identified. Every effort is made to equitably distribute the workload amongst all contractors.

- f) **“Qualified Supplier Sourcing”** An RFQ (*Request For Qualifications*) is awarded to a listing of suppliers based on qualification criteria. The district will use a list of selection criteria to determine eligibility and award consideration.

22. DELIVERY LEAD TIME: Each respondent shall state the number of consecutive calendar days they require after receipt of order (A.R.O.) to either complete delivery or provide the requested services in the space provided on the **Proposal** form. The length of time to complete a project and deliver all of the items ordered could be a factor in awarding this solicitation. If a finite number of days have been specified for delivery or project completion, this deadline must be met. If a finite number of days have not been specified in the solicitation and the respondent has not stipulated a specific lead time for delivery in their proposal, orders will be considered delinquent after 30 days from the issue date of the purchase order.

23. TAXES: Purchases are exempt from **ALL** Federal excise and State sales tax.

24. FISCAL NON-APPROPRIATIONS CLAUSE: In the event sufficient budgeted funds are not available for a new fiscal period, the Internal Services Department / Purchasing Division shall notify the vendor of such an occurrence and the contract shall terminate on the last day of the current fiscal period without penalty or expense to the district.

25. SOLICITATION SAMPLES: The respondent shall provide product samples, without charge, when requested. Criteria used to determine compliance with specifications include, but are not limited to; performance, delivery lead time, workmanship, fit and finish, compatibility with existing stock, and durability. If the sample is not consumed through testing, it will be returned to the respondent when said request is submitted with the proposal. Unused samples will be returned at the respondent's risk and expense. The successful respondents' samples may be retained until all the terms of the purchase order or contract have been fulfilled. All samples are to be submitted at the place indicated in the **Special Conditions** section of the solicitation in accordance with the instructions outlined therein.

26. PROMPT PAYMENT DISCOUNTS: Only prompt payment discounts offered for thirty (30) days or longer will be taken into consideration when determining lowest proposal.

27. TIE PROPOSALS: In the case of identical qualified proposals, if all other considerations are equal, the Board prefers to purchase within the District from established local vendors.

28. ERRORS AND OMISSIONS: In the event an error or obvious omission is discovered in a respondent's proposal, either by the Internal Services Department / Purchasing Division or the respondent, the respondent may have the opportunity of withdrawing their proposal, provided they can produce sufficient evidence to document that the error or

ITB 2019903 – Big Pine Academy Sewer Connection

omission was clerical in nature and unintentional. Actual original copies of working papers, calculations, etc., may be requested at the Internal Services Department / Purchasing Division's discretion, to support the validity of such a request. This privilege shall not extend to allowing a respondent to change any information contained in their proposal; however, in the event of a minor omission or oversight on the part of the respondent, the Internal Services Department / Purchasing Division (or designee) may request written clarification from a respondent in order to confirm the evaluator's interpretation of the respondent's response and to preclude the rejection of their proposal, either in part or in whole. The Internal Services Department / Purchasing Division will have the authority to weigh the severity of the infraction and determine its acceptability. Informalities and improprieties may be waived if deemed to be in the best interest of the district to do so.

29. BASIS OF AWARD OF SOLICITATIONS: When price and specification compliance are the primary criteria for making the vendor selection, the Superintendent will recommend the lowest responsive and responsible respondent(s) to the Board. A "Responsive" Respondent is defined as one whose proposal is in substantial conformance with the material requirements of the solicitation. A Respondent who substitutes its standard terms and conditions for the district's, or who qualifies its proposal in such a manner as to nullify or limit its liability to the district will be considered non-responsive. A "Responsible" respondent is defined as one who is able to satisfactorily perform the work described in the Competitive Solicitation or Invitation to Bid. The district may apply all, or any part of the following criteria to measure a Respondent's degree of responsibility

- Size of firm
- District's past experience with firm
- Financial status of firm
- Capabilities of Management and Technical staff
- Labor relations
- Internal procedures of the firm
- Capacity of the firm
- Bonding capacity
- Reputation of firm among its peers
- Customer references
- Service after the sale
- Facilities and reserve facilities
- Location of firm
- Location of service facilities
- Professional credentials

When additional criteria other than price must be considered, a point system may be used to make the vendor selection, the Superintendent will then recommend the vendor receiving the highest point score to the Board. Slight variations or irregularities may be accepted by the Board if either is found to be in its best interest of the district to do so.

30. REJECTION OF PROPOSALS: A proposal may be rejected by the Internal Services Department / Purchasing

Division if it is non-responsive or the respondent is determined to be not responsible. A proposal is not officially rejected until the School Board approves the recommendation. Proposals may not be rejected frivolously to avoid a protest or litigation. The Board reserves the right to reject any or all proposals received.

31. NOTICE OF INTENT TO AWARD SOLICITATIONS: Once proposals are evaluated and a recommendation for award is received by the Internal Services Department / Purchasing Division, a *Notice of Intent to Award* will be posted on www.demandstar.com. The recommendation for award is not official until approved by the School Board. Intent to Award Notices are normally posted on or about two weeks preceding the Board meeting date listed on the Calendar of Events. Occasionally a supplemental posting may occur after the regular posting if it is essential to include the award on the next Board agenda. This schedule may vary depending on the Board meeting schedule from month to month. **Since this information is available as outlined above, the Internal Services Department / Purchasing Division will not mail or fax intent to award notices to all respondents.**

32. BID PROTEST: If a respondent wishes to protest a solicitation, they must do so in strict accordance with Monroe County School Board Policy 6320. Copies of this procedure are included in the solicitation document and are also available at www.KeysSchools.com. Any person who files an action protesting the solicitation specifications or a decision or intended decision pertaining to this solicitation pursuant to FS 120.57(3)(b), shall post with the Internal Services Department / Purchasing Division at the time of filing the formal written protest, a bond payable to the Monroe County School District in an amount equal to 5 percent (5%) of the total estimated contract value, but not less than \$10,000 nor more than \$25,000, which bond shall be conditioned upon the payment of all costs which may be adjudged against the protester in the administrative hearing in which the action is brought and in any subsequent appellate court proceeding. In lieu of a bond, a cashier's check, or certified bank check, will be an acceptable form of security.

Failure to file a protest within the time or manner prescribed shall constitute a waiver of proceedings.

Any person who is adversely affected by the District's decision or intended decision concerning a proposal solicitation or a contract award shall file with Superintendent a written notice of protest within seventy-two (72) hours after posting of the notice of the decision or intended decision. Saturdays, Sundays and legal holidays shall be excluded in the computation of the 72-hour time periods. The formal written protest shall be submitted by the person within ten (10) days after filing the notice of protest. Failure to file a formal written protest shall constitute a waiver of proceedings under Chapter 120, Florida Statutes. A protest is officially filed when it is received in the Internal Services Department / Purchasing Division. The formal written protest shall contain the following: (a) name, address, and file

ITB 2019903 – Big Pine Academy Sewer Connection

or identification number, if known, of the affected agency. (b) Name and address of the affected party (c) a state of the ultimate facts upon which the protest is based: and, (d) such other information as deemed relevant the issue.

33. NOTIFICATION OF SOLICITATION AWARD: After the Board awards a solicitation, the Internal Services Department / Purchasing Division will issue an official award letter, a purchase order, or both, which will authorize the respondent to commence delivering materials or providing services.

34. AUTHORIZATION TO PERFORM UNDER A CONTRACT: All purchases must be properly authorized in advance. Vendors must first obtain either a printed purchase order, a purchase order number or a purchasing card account number before commencing performance under a contract. Vendors shall take no directions to modify (increase, change, decrease, cancel) a purchase order, once issued, from anyone other than the buyer listed on the purchase order. Additional work must be authorized in advance by the buyer who will issue either a change order to the original purchase order or a supplemental purchase order. The vendor assumes all liability for any costs or damages incurred and payment will be denied for additional work if this procedure is not strictly followed.

35. POINT OF CONTACT: The district will consider the selected respondent(s) to be the sole point of contact with regard to all contractual matters, including payment of any and all charges.

36. ASSIGNMENT OF CONTRACT: The final contract to be awarded and any resulting amounts to be paid shall not be transferred, pledged, or assigned without the prior written approval of the district.

37. LICENSES AND PERMITS: The vendor shall obtain and pay for all necessary licenses, permits, and related documents required to comply with the solicitation specifications. The vendor shall save and hold harmless the district as a result of any infraction of the aforementioned.

38. CONDITION OF ITEMS: Unless otherwise specified in the **Special Conditions** section of the solicitation, all items requested must be **new, the latest model manufactured, first quality, carry the manufacturer's standard warranty** and be **equal to or exceed the specifications** listed in the solicitation. Proposals on "*used, remanufactured or reconditioned* equipment" or "*blends or seconds*" will not be considered unless specifically requested in the solicitation documents.

39. INSPECTION: The district reserves the right to have inspectors on the premises of the respondents or manufacturers at any time during the manufacturing or assembly process to verify compliance with solicitation specifications.

40. PACKAGING: All products require adequate packaging to protect them from damage in transit. Packaging must fully cover and protect merchandise. Vendors must fully comply with all special packaging requirements, if and when specified in the solicitation document. When corrugated carton packaging is specified, poly wrap or blanket wrap will not be acceptable. Respondents are requested to provide products with environmentally safe packaging if at all possible. The district assumes no responsibility for damage of any kind incurred while the items are in transit. Respondents may adjust unit packaging up or down only when attempting to reach the next standard unit pack. Otherwise, only exact quantities requested will be accepted and no overages will be allowed.

41. STANDARDS OF CONDUCT: Vendors awarded a contract will be held to the same standards of conduct as employees of the school district while conducting business with the district. These standards, as defined in School Board policies, will apply not only to employees of the vendor, but also to the employees of its subcontractors. Standards of Conduct are located at www.KeysSchools.com.

42. ITEM SUBSTITUTIONS & DISCONTINUATIONS: Under no circumstances may a vendor substitute a different product for any item they were awarded from this solicitation, without prior approval from the Internal Services Department / Purchasing Division. In the event an awarded item is discontinued by the manufacturer or the vendor no longer offers the item in their product line during the term of this solicitation, the vendor **must** provide an acceptable substitute item at a mutually acceptable negotiated price, or risk being found in default. The vendor must file a written request with the Internal Services Department / Purchasing Division and be granted approval to substitute, in writing, before any substitution may be made. Requests to substitute should be accompanied by complete detailed, technical specifications for the proposed substitute item, and a sample, if requested. The district reserves the right to purchase on the open market while negotiations are being conducted.

43. RECEIPT OF MERCHANDISE & DELIVERY NOTIFICATION: The purchaser reserves the right to reject any and all materials or products delivered which, in its opinion, do not comply with the solicitation specifications, within 5 calendar days of receipt. All materials or products rejected by the purchaser shall be promptly removed and replaced by the vendor at no charge. All shipments are to be off-loaded from the delivery vehicle to the loading dock or brought inside the building if the facility has no loading dock. The exception will be for materials obviously intended for outdoor use. Deliveries shall be made between the hours of 9:00 AM and 3:00 PM, Monday through Friday, excluding holidays, unless stipulated. Exceptions to this schedule will be stated in the **Special Conditions** or on the purchase order. For shipments which may require the assistance of district personnel to off-load merchandise, or when the purchase order specifies vendor installation, the person to whose attention the items are being

ITB 2019903 – Big Pine Academy Sewer Connection

shipped should be notified a minimum of forty-eight (48) hours prior to delivery to allow sufficient time to prepare the area.

44. EQUIPMENT DEAD ON ARRIVAL (D.O.A.): Any product shipped which arrives inoperable or ceases to function within seven (7) business days of the initial installation shall be considered DOA and shall be replaced by the vendor with a new product identical to the one ordered within 30 days of notification at no charge to District.

45. INVOICES AND PAYMENT TERMS: All invoices, packing lists, and correspondence should reference our purchase order number. Unless otherwise stated in the **Special Conditions**, payment will only be made after the merchandise or services have been:

- Received complete or substantially complete;
- Inspected and found to comply with all specifications and be free of damage or defect;
- Properly invoiced. A minimum of **thirty (30)** days is required for payment. Photocopies of original invoices may be sent to other district personnel if they request it, but the original copies must be sent to the District. Failure to follow this procedure may result in payment delays. Occasionally, a school may issue its own internal purchase order. Invoices associated with a school's internal purchase order should be submitted directly to the school for payment.

46. BREACH OF CONTRACT AND TERMINATION FOR CAUSE: The District reserves the right to terminate this contract for cause. The failure of the vendor to comply with any provision of this contract shall constitute a breach of contract and just cause for termination. Prior to the district terminating a contract, the Superintendent will initiate an internal review of the case in which the vendor may be invited to participate. If after examining the facts surrounding the case, the Superintendent feels that sufficient grounds exist to declare the vendor in default, he or she shall notify the vendor in writing, making specific reference to the provision(s) that gave rise to the default. The vendor shall then be entitled to a period of five (5) working days from receipt of such notice in which to cure the breach. If the breach is not cured within the five (5) day period, the Superintendent (or designee) shall serve a written notice of termination on the vendor, which shall become effective thirty (30) calendar days from the vendor's receipt of such notice. The failure of either party to exercise this right shall not be considered a waiver of such right in the event of any further breach or non-compliance.

47. RENEWAL OF SOLICITATIONS: This Contract may be renewed for a period that may not exceed three (3) years or the term set forth above, whichever period is longer. The compensation for the renewal term shall be determined prior to renewal of this contract and is subject to approval by the MCSB. Further, renewal of this contract is contingent upon a determination by the MCSB that the services have been

satisfactorily performed, that the services are needed and upon availability of funds.

48. ADMINISTRATIVE REGULATION ON FINGERPRINTING: All Vendors awarded contracts that require contractors, workers, or subcontractors to perform services on school facility grounds will comply with The Jessica Lunsford Act. The expense of fingerprinting individuals is to be borne by the contractor or person finger printed unless waived by the Superintendent. In accordance with the legislative mandate set out in sections 1012.32, 1012.465 and 435.04, Florida Statutes (2005) as well as with the requirements of HB 1877, The Jessica Lunsford Act (2005), effective September 1, 2005, Contractor agrees that all of its employees and sub-contractors, including employees of sub-contractors, who provide or may provide services under this Contract have completed all background screening requirements through a Monroe County School Board designee pursuant to the above-referenced statutes. It is recognized and agreed that the provisions and exceptions relating to the dictates of The Jessica Lunsford Act, and codified at sections 1012.321, 1012.465, 1012.467 and 1012.468 of the Florida Statutes, shall apply to the requirements of this paragraph where so applicable.

49. CIVIL RIGHTS COMPLIANCE: The Contractor certifies it is in compliance with the Office for Civil Rights requirements with respect to nondiscrimination on matters related to race, sex, handicap or age, and the contractor further agrees that it shall not discharge; fail or refuse to hire; limit, segregate, or classify employees or applicants for employment opportunities or adversely affect any individual's status as an employee; or otherwise to discriminate against any individual with respect to compensation, terms conditions or privileges of employment, because of such individual's race, color, religion, sex, national origin, age, handicap or marital status except as may otherwise be provided by law or as a result of a bona fide occupational qualification reasonably necessary for the performance of the particular employment.

50. FEDERAL LAW COMPLIANCE: The Contractor certifies it is in compliance with applicable provisions of the Civil Rights Act of 1964; Title IX of the Education Amendments Act of 1974; Section 504 of the Rehabilitation Act 1973; The Individuals with Disabilities Education Act; and the Immigration Reform Act of 1986, all as may be amended from time to time.

51. VENDOR CONDUCT DURING SOLICITATION: Respondents to this solicitation or persons acting on their behalf may not contact, between the release of the solicitation and the end of the 72-hour period following the agency posting the notice of intended award, excluding Saturdays, Sundays, and state holidays, any employee or officer of the executive or legislative branch concerning any aspect of this solicitation, except in writing to the procurement officer or as provided in the solicitation documents. Violation of this provision may be grounds for rejecting a response.

THIS BILL HAS SCHOOL BOARD POLICY IMPLICATIONS

This bill amends Jessica Lunsford Act provisions that require background checks for contractors on school grounds. The bill defines "noninstructional contractor" to mean any vendor, individual, or entity under contract with a school or with the school board who receives remuneration for services performed for the school district or a school, but who is not otherwise considered an employee of the school district. The term also includes such contractor's employees and subcontractors and subcontractor's employees. The bill defines "school grounds" to mean the buildings and grounds of any public prekindergarten, kindergarten, elementary school, middle school, junior high school, high school, or secondary school, or any combination of grades prekindergarten through grade 12, together with the school district land on which the buildings are located. The term does not include any other facility or location where school classes or activities may be located or take place, the public school buildings and grounds during any time period in which students are not permitted access, or any such buildings during any period in which it is used solely as a career or technical center for postsecondary or adult education.

The bill provides a list of offenses that automatically disqualify a noninstructional contractor from being on school grounds when students are present. The bill also provides an exemption from the screening requirement for a non-instructional contractor who:

- is under direct line-of-sight supervision of a person who meets the screening requirements;
- is already required, and has undergone, a level 2 background screening;
- is a law enforcement officer assigned or dispatched to school grounds, or an employee or medical director of an ambulance provider;
- works and remains in an area separated from students by a 6-foot chain link fence;
- provides pick-up or delivery services to school grounds.

The bill also exempts instructional personnel who work with children with developmental disabilities or who are child care personnel meeting certain requirements. The exempted contractors are subject to a search of the online state and national registry of sexual predators and sexual offenders at no charge to the contractor.

For those subject to a fingerprint-based background check, the check must be performed at least every five years and may be paid for by the school board, the school, or the contractor. Any fee charged by a school board may not exceed 30 percent of the total costs charged by FDLE and the FBI for the check. FDLE is required to implement an Internet-based system for school districts to share the results of the background checks.

Further, the bill requires a contractor who is arrested for a disqualifying offense to report the arrest to the employer or primary contractor and the school district within 48 hours. If a contractor has been arrested for a qualifying offense, it is a third-degree felony for the contractor to willfully fail to report the arrest or for an employer or primary contractor to knowingly authorize the contractor to be on school grounds when students are present. If a contractor is to be denied access to school grounds, the school district must notify the contractor of the basis for denial. The only basis for contesting the denial is mistaken identity and misinterpretation of an offense from another jurisdiction. The bill provides immunity from civil and criminal liability for employees of school districts and schools who share background check information in good faith. It also provides that the new or amended portions of the School Code are not intended to create a new duty of care or basis of liability, or to create a private cause of action.
