Subject: Temporary Elevator Service Contract for Monroe County Schools
Attachments: Elevators 2019 04 02.pdf

Hi,

We are seeking some new alternatives with elevator service. Our goal is to line up a six month temporary service and repair contractor for our elevators. This will be done so that we have time to do a request for proposals for a more permanent solution. It would be a one year contract with three annual renewals. For the temporary contract we are looking for the following:

- Pricing for elevator service and maintenance visits.
- Hourly rate prices for repair work.
- Markup on purchased parts for repair work.
- Flat rate for annual inspection and certification

Attached is a list of our current elevators. Please contact me by phone or email to discuss our possibilities of working with you.

Thanks,

Jeff Barrow

Director of Maintenance
