THIS BILL HAS SCHOOL BOARD POLICY IMPLICATIONS

This bill amends Jessica Lunsford Act provisions that require background checks for contractors on school grounds. The bill defines "noninstructional contractor" to mean any vendor, individual, or entity under contract with a school or with the school board who receives remuneration for services performed for the school district or a school, but who is not otherwise considered an employee of the school district. The term also includes such contractor's employees and subcontractors and subcontractor's employees. The bill defines "school grounds" to mean the buildings and grounds of any public prekindergarten, kindergarten, elementary school, middle school, junior high school, high school, or secondary school, or any combination of grades prekindergarten through grade 12, together with the school district land on which the buildings are located. The term does not include any other facility or location where school classes or activities may be located or take place, the public school buildings and grounds during any time period in which students are not permitted access, or any such buildings during any period in which it is used solely as a career or technical center for postsecondary or adult education.

The bill provides a list of offenses that automatically disqualify a noninstructional contractor from being on school grounds when students are present. The bill also provides an exemption from the screening requirement for a non-instructional contractor who:

- is under direct line-of-sight supervision of a person who meets the screening requirements;
- is already required, and has undergone, a level 2 background screening;
- is a law enforcement officer assigned or dispatched to school grounds, or an employee or medical director of an ambulance provider;
- works and remains in an area separated from students by a 6-foot chain link fence;
- provides pick-up or delivery services to school grounds.

The bill also exempts instructional personnel who work with children with developmental disabilities or who are child care personnel meeting certain requirements. The exempted contractors are subject to a search of the online state and national registry of sexual predators and sexual offenders at no charge to the contractor.

For those subject to a fingerprint-based background check, the check must be performed at least every five years and may be paid for by the school board, the school, or the contractor. Any fee charged by a school board may not exceed 30 percent of the total costs charged by FDLE and the FBI for the check. FDLE is required to implement an Internet-based system for school districts to share the results of the background checks.

Further, the bill requires a contractor who is arrested for a disqualifying offense to report the arrest to the employer or primary contractor and the school district within 48 hours. If a contractor has been arrested for a qualifying offense, it is a third-degree felony for the contractor to willfully fail to report the arrest or for an employer or primary contractor to knowingly authorize the contractor to be on school grounds when students are present. If a contractor is to be denied access to school grounds, the school district must notify the contractor of the basis for denial. The only basis for contesting the denial is mistaken identity and misinterpretation of an offense from another jurisdiction. The bill provides immunity from civil and criminal liability for employees of school districts and schools who share background check information in good faith. It also provides that the new or amended portions of the School Code are not intended to create a new duty of care or basis of liability, or to create a private cause of action.

Additional Aspects of GuideWell's Insurance Program

- ✓ GuideWell renews the above insurance policies at their respective expiration dates in substantially the same or better form without lapse and has no intention of varying that practice unless it is to self-insure all or a portion of a particular risk. Therefore, our practice is not to provide individual endorsements promising notice of cancellation or non-renewal to outside entities. In negotiating a contract, GuideWell or its subsidiaries can consider agreeing in the contract to send notice of cancellation.
- ✓ Certain of GuideWell's insurance policies allow for waiver of subrogation by the insured prior to a loss. In negotiating a contract, GuideWell or its subsidiaries can consider waiving subrogation for Commercial General Liability (CGL) in that contract. Therefore, our practice is not to provide individual insurance policy endorsements waiving subrogation.
- ✓ GuideWell's minimum standards for its insurers are that they be licensed or approved to do business in Florida (or in the state where services are performed) and that they maintain an A. M. Best Rating of at least A-.
- ✓ GuideWell does not provide copies of its corporate insurance policies to outside entities. After a contract has been entered into, a standard Certificate of Insurance is available on request.

Bonds

- ✓ GuideWell can provide bid and/or performance bonds as necessary, subject to negotiation.

COMPLIANCE

Please confirm the following and if you are not able to comply, please explain.

- a. Proposer must be able to administer all of the current benefits offered by The School Board accurately and timely.**

Confirmed

- b. The Proposer must handle all appeals and accept full fiduciary responsibility.**

Every member health statement includes information on right to appeal and the internal appeal process. This information is also included in the member's benefit booklet.

We can assume limited fiduciary responsibility for claims processing. To do so, your plan must extend to us discretionary authority to make decisions concerning claims submitted by plan members. However, we would not assume liability for benefit decisions made by the Plan Administrator and/or Sponsor. Our responsibility as a claims processing fiduciary would be to process claims submitted for members using the care, skill, prudence and diligence one expects from an insurance company and in accordance with plan documents. The Group Health Care Benefit Plan for The School Board is ultimately responsible for claim denials, especially if the funds used to pay for claims constitute plan assets as defined by federal regulations and your group is subject to such regulations.

- c. Proposer must provide benefit summaries and plan documents in both English and Spanish in a timely manner.**

Confirmed.

- d. ID Cards are required to be mailed to the employees and retirees home addresses within 15 days of any effective date.**

Complete and accurate year-end enrollment must be received by December 1, 2019 for ID card receipt on or before January 1, 2020.

- e. **ASO Proposer shall not charge against the plan experience any claim payment not authorized under the health plan document (except those specifically authorized in writing by The School Board). The ASO Proposer shall be responsible for all collections and/or plan reimbursement expenses not authorized or improperly paid.**

Not confirmed.

Claims Processing Services:

Florida Blue shall provide claims processing services on behalf of Employer for all properly submitted claims, in accordance with the benefits set forth in Exhibit "A", using funds solely supplied by Employer, as set forth in Exhibit "B". Florida Blue shall furnish each claimant with an explanation of each claim that is paid, rejected, suspended or denied.

For purposes of this Agreement, the term "claim(s)" shall be defined as the amount paid or payable by Florida Blue to providers of services and/or covered group members under this Agreement and the Group Health Plan, and in conformity with any agreements Florida Blue enters into with such providers of services, and includes capitation, physician incentives, pharmacy, physician, hospital and other fee-for-service claims expenditures. For value-based reimbursement programs Florida Blue enters into with participating providers, an applicable claim level surcharge may be included in the claim amount.

Inaccurate Payments

Whenever Florida Blue becomes aware that the payment of a claim under the Group Health Plan to any person was, or may have been, made which was not in accordance with the terms of the Group Health Plan, whether or not such payment was Florida Blue's fault, and whether or not such payment was more than or less than was appropriate under the terms of the Group Health Plan, Florida Blue shall investigate such payment in accordance with its standard commercial insurance business practices and either 1) for an overpayment of \$50.00 or more, make a diligent effort to recover any payment which was more than was appropriate under the Group Health Plan or 2) as the case may be, adjust any claim the payment of which was less than appropriate under the Group Health Plan. Employer delegates to Florida Blue the discretion and the authority to determine under what circumstances to compromise a claim or to settle for less than the full amount of the claim. In the event any part of an inaccurate payment is recovered, Employer will receive a refund from Florida Blue. Nothing herein shall require Florida Blue to institute a legal action or suit to recover payments made by Florida Blue.

Additionally, Employer delegates to Florida Blue the discretion and authority to pursue recoveries for claims paid as a result of fraud, abuse or other inappropriate action by a third party, including the right to opt-out or opt-in Employer from any class action. These claims include, but are not limited to, all legal claims Employer can assert whether based on common law or statute such as RICO, antitrust, deceptive trade practices, consumer fraud, insurance fraud, unjust enrichment, breach of fiduciary duty, breach of contract, breach of covenant of good faith and fair dealing, torts (including fraud, negligence, and product liability), breach of warranty, medical monitoring, false claims and kickbacks. If Florida Blue obtains a recovery from any of these efforts, Florida Blue will reimburse Employer's pro rata share of the recovery. This share is calculated from Employer's claims history or covered members at the time of such recovery, less Employer's pro rata share of costs, if any, fees paid to outside counsel and any other costs incurred in obtaining that recovery. Florida Blue will not charge Employer for any costs if Florida Blue does not obtain a recovery that exceeds those costs.

- f. We have included a copy of the benefit summaries in this RFP. Please review these documents and explain in detail what areas of the plan that can and cannot be administered by your firm. Detail all deviations to administer The School Board's Benefit Plans as written. Assume current benefit designs when pricing.**

Confirmed. As the incumbent carrier, current benefits will remain unchanged.

- g. The School Board requires the ability to audit all claims adjudicated upon request and asks that you fund this audit at least every other year.**

We conduct numerous types of pre-payment and post-payment audits to ensure that claims are processed correctly and in accordance with (1) the group's benefits, (2) the provider's contract, and (3) our medical coverage guidelines and payment policy. The Blue Cross and Blue Shield Association (BCBSA) requires that we have internal programs to monitor and report our performance on the accuracy and timeliness of claims and inquiry processing.

Self-insured groups are permitted to perform audits of our claim processing operations. The School Board can expect our full cooperation in the event they desire to conduct (or have conducted on their behalf by a third-party audit firm) an audit of our operations, provided the scope of such audits is reasonable and in accordance with our external audit policy then in effect. We prefer that such audits be performed no more frequently than annually and that we be given reasonable notice (at least 30 days) for any such audits.

Audits and reviews will be conducted during normal business hours at our offices in Jacksonville, Florida. The auditors will be provided with access to sufficient data (e.g., programs, documentations, operating manuals, etc.) in order to conduct such audits.

In the event The School Board intends to perform an audit of BCBSF, we will not charge for services performed by us to support the audit effort provided the scope of the audit is reasonable.

Under the self-insured arrangement, claim information would remain the property of The School Board and would be released to The School Board. The exception would be certain information that is proprietary to us, such as our negotiated allowances. To ensure privacy, we would provide claim-specific information, including patient identifiable medical information to The School Board only after The School Board has executed the BCBSF Confidentiality and Indemnity Agreement. Information we consider confidential, trade secret, or proprietary may not be copied or removed from the premises.

h. Are you familiar with pharmacogenetic testing and do you offer this as a benefit?

Pharmacogenetic testing is not covered as it is experimental.

i. The School Board requires a representative(s) be present for annual open enrollment meetings, annual health fairs, annual reporting, and quarterly claims reviews.

- o. Has the ASO Proposer had any data breaches, if not, how will one be handled in the future if it occurs? You must state that you will hold harmless the School Board and its staff for any data breach that may occur during this agreement.**

BCBSF has had no data breaches. We have well-documented policies and procedures relating to overall compliance with HIPAA. In the event of any non-permitted disclosures, BCBSF tracks those disclosures in accordance with HIPAA-AS requirements and makes any necessary notifications in accordance with HITECH and the Final Omnibus Rule regulations. Additionally, we request Corrective Action Plans from the impacted business area(s), which include how future occurrences can be mitigated and prevented.

NETWORK ACCESS & SAVINGS

a. What network(s) are you proposing?

As the incumbent carrier, we will continue to offer our BlueOptions product based on NetworkBlue. Our networks are quite extensive and we are in a unique position of having one of the largest, robust provider networks in Florida. Our BlueOptions PPO network is available in all 67 Florida counties.

b. Please provide a Network Disruption Report based on the Top Providers Report

As the incumbent carrier, this is not applicable.

c. What is your standard process and advance notification timeframe to notify the employers and participants of major network changes such as a hospital or major provider group ceasing to participate in the network?

Group Notification

In the event of a significant provider/medical group contract termination, MCSD's assigned Account Manager will provide written notification regarding the termination.

Member Notification

We notify members when a large physician group or hospital leaves the network, and work with those undergoing active treatment to provide guidance and assistance to ensure care is not disrupted. We also notify impacted members of solo or small physician group terminations if the provider chooses to extend continuity of care benefits to the population through a letter of agreement (impacted being those who are in a course of active treatment 90 days prior to the termination). Members are encouraged to verify a provider's network participation status prior to receiving services. For our members' convenience, our online provider directory is available 24 hours a day through floridablue.com, or members may verify participation by contacting the provider or calling the toll-free number shown on their ID card before receiving covered services.

d. How often are contracts renegotiated? Do you anticipate renegotiating any large provider network contracts in the next 12 to 24 months?

We are in discussions with physician groups and hospitals all the time and very rarely do they ever lead to termination. Active negotiations are confidential and proprietary and cannot be reported.

We realize the importance of a stable provider network and support that philosophy by including the evergreen clause in our provider contracts. Most of our physician, hospital, ancillary, and pharmacy contracts have an evergreen clause. The evergreen clause allows a contract to automatically renew unless one or the other party initiates the notice provision to change the contract. For most contracts, providers must notify us 90 – 180 days prior to the renewal date of the contract to effectively evoke the notice provision. This allows for adequate time to notify members and contract with additional providers if necessary. Many hospital contracts in place today are multi-year agreements.

e. How do you process out-of-network claims? Are there any shared savings arrangements? Please provide details.

We establish the allowed amount for out of network services in accordance with the requirements of the member's benefit plan and any other applicable law. While the specific benefit plan language and any other applicable law is determinative, the allowed amount is typically the lesser of the actual billed amount and an amount established by BCBSF based on several factors including, but not limited to, Medicare and/or Medicaid payments, amounts often accepted by other participating and non-participating providers, payment amounts which are consistent with our provider network strategies and/or the cost of providing the specific covered services.

If the services are rendered outside of the state of Florida, the allowed amount is typically the amount the Blue Cross and/or Blue Shield plan in that geography would pay. If a member has more questions regarding these Allowed Amounts, the member can call customer service for more assistance.

Right to Appeal:

Please see below for Important Information About Your Appeal Rights.

You may file an appeal yourself or you also have the right to appoint someone else to file an appeal on your behalf if you choose, including your treating physician. This notice contains important information about your appeal rights for the different plans offered by Florida Blue.

INTERNAL APPEAL PROCESS

The following internal appeals process applies to all individual under 65 and group coverage, including BlueOptions and BlueChoice, regardless of funding type. It is divided into pre-service claim appeals and post-service claim appeals.

Pre-Service and Post-Service Appeals

You may request more explanation when your claim or request for coverage of a health care service or treatment is denied or the health care service or treatment you received was not fully covered. Contact us when you:

- Do not understand the reason for the denial.
- Do not understand why the health care service or treatment was not fully covered.
- Do not understand why a request for coverage of a health care service or treatment was denied.
- Cannot find the applicable provision in your benefit plan document.
- Disagree with a denial or the amount not covered and you want to appeal.

If your claim was denied due to missing or incomplete information, you or your health care provider may resubmit the claim to us with the necessary information to complete the claim within the timeframe stated in your benefit booklet. Your appeal must be in writing and we must receive it within 365 days of the initial claim notification.

We will conduct a full review of your claim by individuals associated with us, but who were not involved in making the initial denial of your claim and provide a written notice of our decision.

You may, but are not required to, present evidence and testimony during your appeal process. Your request for appeal should be sent to:

Florida Blue
Attention: Appeals and Disputes Department
PO Box 44197
Jacksonville, FL 32231-4197

You may provide us with additional information that relates to your claim and you may request copies of information that we have that pertains to your claims.

You also have the right to request and receive, free of charge, the following information about the processing of your claim:

- The specific rule, guideline, protocol or other similar criterion used, if any, in making the benefit or payment decision.

- An explanation of the scientific or clinical factors relied upon if the claim was denied in whole or in part based on the lack of medical necessity or the experimental or investigational nature of a service.

Pre-Service and Urgent Pre-Service Appeals and Timeframes

You have the right to appeal a full or partial denial of benefits or payment on a claim for certain services that have not yet been provided to you, if approval by Florida Blue prior to receiving the service is a condition of your coverage.

An Urgent Pre-Service Appeal can be requested in serious medical conditions where you may be unable to wait for Florida Blue to complete the appeal process in the normal time allotted. Urgent Pre-Service Claim Appeals must meet the definition of a Claim Involving Urgent Care as defined by law, which is:

Your life or health, or ability to regain maximum function would be seriously jeopardized or in the opinion of a physician with knowledge of your medical condition would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the request, by waiting for Florida Blue to review its denial decision through the pre-service appeal time frame.

A request for an Urgent Pre-Service Appeal review may be requested verbally by calling the:

- Customer service number on your member ID card (you must state you are requesting an urgent appeal).
- Or by faxing the Urgent Appeal request to (904) 565-6637. You may also mail your Urgent Pre-Service Appeal to the address above.

Timeframes for Pre-Service Claim Appeals

- **Urgent Pre-Service within 72 hours of receipt**
- **Standard Pre-Service within 30 calendar days of receipt**

Post-Service Claim Appeals Timeframes

You have the right to appeal a full or partial denial of benefits or payment on a claim for services you have received.

Timeframes for Post-Service Claim Appeals

- **Standard Post-Service within 60 calendar days of receipt**

EXTERNAL APPEAL PROCESS

You may request an external review of your internal appeal decision as described below. Please note that for purposes of choosing which external review process is correct, your plan's name is very important. This is different than the internal appeals process above.

The External Review Process is divided into two general categories--other insurance plans and Healthy Kids plans:

You can locate your plan type at the top right hand corner of each page of this document, under Member and Member Number, on the line titled Your Plan.

External Review for BlueChoice, BlueOptions, BlueSelect and Other PPO Plans for Fully Insured Groups, Non-Grandfathered Self- Insured Groups and Individuals Under 65

Please note that the self-funded group health appeals process only applies to non-grandfathered group health plans.

Standard External Review

You may request a Standard External Review, if you do not receive our decision within the following time frames after you have filed your internal appeal.

- 30 days for a Pre-Service Appeal
- 60 days for a Post-Service Appeal

You may also request a Standard External Review if we have denied your request for payment of a claim and our decision involved a medical judgment (including, but not limited to a decision based on medical necessity, appropriateness, health care setting, level of care or effectiveness of the health care service or treatment you requested or a determination that the treatment is experimental or investigational) you are entitled to request an independent, external review of our decision. Your request will be reviewed by an independent third party with clinical and legal expertise who has no association with us.

For standard external review, a decision will be made within 45 days of receiving your request.

Expedited External Review

You are eligible for an Expedited External Review if (1) your claim involves a medical condition for which the timeframe for completion of an Urgent Pre-Service Appeal would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function and you have filed a request for an Urgent Pre-Service Appeal; (2) if you have a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the claimant or would jeopardize your ability to regain maximum function or if your claim involves an admission, availability of care, continued stay or health care service for which you received emergency services, but have not been discharged from a facility; or (3) if you do not receive our decision within 72 hours of us receiving your Urgent Pre-Service Appeal.

For an Expedited External Review, a decision will be made as expeditiously as the medical circumstances require and within 72 hours once the examiner receives the request for external review.

Standard and Expedited External Review Request Submission

Submit your request in writing on the External Review Request Form within four months after receipt of this notice by mailing it to the following address:

Florida Blue
Attention: Appeals and Disputes Department
PO Box 44197
Jacksonville, Florida 32231-4197

If you have any questions or concerns during the external review process, please contact us at the telephone number listed on your BCBSF/Florida Blue identification card or visit www.floridablue.com.

You may submit additional written comments to the external reviewer. A letter with the mailing address will be sent to you when you file an external review. Please note that if you provide any additional information during the external review process it will be shared with Florida Blue in order to give us the opportunity to reconsider the denial. For details, please review your benefit booklet, contact us at the telephone number listed on your BCBSF/Florida Blue member ID card or visit www.floridablue.com.

EMPLOYER

This Administrative Services Agreement (hereinafter referred to as the "Agreement"), made this _____ day of __, 2018 is by and between Blue Cross and Blue Shield of Florida, Inc. d/b/a Florida Blue, a Florida corporation having its principal place of business at 4800 Deerwood Campus Parkway, Jacksonville, Florida 32246 (hereinafter referred to as "Florida Blue") and Employer located at address, City, State Zip Code (hereinafter referred to as the "Employer").

WHEREAS, Employer has established and currently sponsors a self-insured Employee Welfare Benefit Plan, to provide certain benefits (attached hereto as Exhibit "A" and hereinafter called the "Group Health Plan") for covered group members and their covered dependents; and

WHEREAS, except as otherwise specifically provided herein, Employer is to retain all liabilities under its Group Health Plan, and Florida Blue is to provide the agreed upon services to the Group Health Plan without assuming any such liability; and

WHEREAS, Employer desires that, with respect to the Group Health Plan, Florida Blue furnish certain claims processing and administrative services.

NOW, therefore, in consideration of the mutual promises contained herein, and other good and valuable consideration, the parties agree as follows:

SECTION I

TERM

1.1 Initial Term

The initial term of this Agreement shall be from Date (the effective date) and shall end on Date (the termination date), unless the Agreement is terminated earlier in accordance with the provisions of this Agreement.

1.2 Renewal Terms

After the Initial Term, this Agreement will automatically renew each anniversary date for successive one year terms at the renewal rates then in effect, unless either party notifies the other party of its intent not to extend this Agreement at least 30 days prior to the applicable anniversary date.

SECTION II

DUTIES AND RESPONSIBILITIES OF EMPLOYER

2.1 Final Authority

Employer retains all final authority and responsibility for the Group Health Plan including, but not limited to eligibility and enrollment for coverage under the Group Health Plan, the existence of coverage, the benefits structure of the Group Health Plan, claims payment decisions, cost containment program decisions, utilization benefits management, compliance with the requirements of COBRA (Consolidated Omnibus Budget Reconciliation Act of 1985, as amended), compliance with the requirements of ERISA (Employee Retirement Income Security Act of 1974, as amended), compliance with reporting and remitting abandoned property funds, and compliance with any other state and federal law or regulation applicable to Employer, the Group Health Plan, or the administration of the Group Health Plan.

Employer agrees to provide Florida Blue with any information Florida Blue reasonably requires in order to perform the administrative services set forth herein.

2.2 Eligibility and Enrollment

As of the first day of the term of this Agreement, Employer will have delivered to Florida Blue enrollment information regarding eligible and properly enrolled members, as determined by Employer. Employer shall deliver to Florida Blue all employee and dependent eligibility status changes on a monthly basis, or more frequently as mutually agreed by the parties.

Employer shall be responsible for providing each covered employee with a copy of the plan document which shall include the Group Health Plan.

2.3 Financial Obligations

A. Claims Payment

Employer is financially responsible for the payment of all claims paid under the Group Health Plan. Financial arrangements regarding the payment of such claims are set forth in Exhibit "B".

B. Administrative Fees

Employer agrees to promptly pay all administrative fees as set forth in Exhibit "B". Administrative fees are not subject to change during the

initial term of this Agreement, except as set forth below. The administrative fees shall be payable to Florida Blue within 10 days of written notification to Employer of the amount owed.

C. Late Charges

In the event Employer fails to pay any amount owed in full by the due date, Employer shall pay Florida Blue, in addition to the amount due, a late charge as set forth in Exhibit "B".

D. Performance Guarantees

Performance guarantees are set forth in Exhibit D, apply to medical claims only and are for the initial term of the Agreement only. Employer acknowledges and agrees that performance guarantees will be considered null and void if this Agreement is not executed and/or the Agreement is not effective at the time any performance guarantee payment amount is otherwise due under this Agreement. In the event of a conflict between the terms of this Section II, subsection 2.3, letter D and other provisions of the Agreement, the terms of this subsection 2.3, letter D shall control. Performance guarantee results will be available on a quarterly basis for informational purposes only with final settlement made no earlier than second quarter of the following year.

In the event there is a ten percent (10%) increase or decrease in enrollment or projected enrollment (number of lives covered by Florida Blue under the Group's benefit program) for the effective date of the performance guarantees or if Employer makes a material change in benefits during the term of this Agreement, as reasonably determined by Florida Blue, that affects the performance being measured in the performance guarantees, Florida Blue reserves the right to revise or void the performance guarantees.

E. Discount Guarantees

Discount guarantees are set forth in Exhibit E and are for the initial term of the Agreement only. Employer acknowledges and agrees that discount guarantees will be considered null and void if this Agreement is not executed and/or the Agreement is not effective at the time any discount guarantee payment amount is otherwise due under this Agreement. In the event of a conflict between the terms of this Section II, subsection 2.3, letter E and other provisions of the Agreement, the terms of this subsection 2.3, letter E shall control. Discount Guarantee results will be available on a quarterly basis with final results and settlement made no earlier than the second quarter of the following year.

F. Modifications

Florida Blue may modify the administrative fees contained in Exhibit "B" at any time on or after the first anniversary of this Agreement's effective date, upon giving forty-five (45) days prior written notice to Employer. Additionally, Florida Blue, at any time, may modify the administrative fee, if Employer substantially modifies the Group Health Plan or changes enrollment.

2.4 Use of Names and Logos

Employer agrees to allow Florida Blue to use Employer's name and logo on I.D. cards and other forms necessary to effectuate this Agreement, and to promote Employer's relationship with Florida Blue to potential or existing providers. Florida Blue shall not use Employer's name or logo for any other purpose without the prior written consent of Employer.

Employer agrees that the names, logos, symbols, trademarks, tradenames, and service marks of Florida Blue, whether presently existing or hereafter established, are the sole property of Florida Blue and Florida Blue retains the right to the use and control thereof. Employer shall not use Florida Blue's name, logos, symbols, trademarks or service marks in advertising or promotional materials or otherwise without the prior written consent of Florida Blue and shall cease any such usage immediately upon written notice by Florida Blue or upon termination of this Agreement, whichever is sooner.

2.5 Confidential and Trade Secret Information

Florida Blue maintains proprietary and confidential information and competitively-sensitive trade secret information, which information may be disclosed to Employer for the purposes of analyzing such information in conjunction with

the services performed under the Agreement. Employer agrees to hold such confidential and/or trade secret information in confidence and only disclose such information to employees of Employer who have a need to know such information; provided however that such employees of Employer agree to maintain the confidentiality of the confidential and/or trade secret information and take all steps necessary to safeguard the confidential and/or trade secret information against unauthorized access, use, and disclosure to at least the extent Employer maintains the confidentiality of its most proprietary and confidential information.

Employer shall not disclose such confidential and/or trade secret information to any third party without the express written permission of Florida Blue. If Florida Blue, in its sole discretion, approves release of confidential and/or trade secret information to a third party, the third party and Employer will be

required to execute a Confidentiality & Indemnity Agreement, in a form specified by Florida Blue, prior to the release of the confidential information and/or trade secret information to the third party. For purposes of this paragraph, trade secret information is competitively sensitive information which is advantageous to Florida Blue in the marketplace and Florida Blue considers such information to be a trade secret protected from public disclosure, including protection from disclosure in any meeting which is subject to Florida's Government in the Sunshine Law Section 286.011, Florida Statutes.

SECTION III

DUTIES AND RESPONSIBILITIES OF FLORIDA BLUE

3.1 Generally

It is understood and agreed that Florida Blue is empowered and required to act with respect to the Group Health Plan only as expressly stated herein.

Employer and Florida Blue agree that Florida Blue's role is to provide administrative claims payment services, that Florida Blue does not assume any financial risk or obligation with respect to claims, that the services rendered by Florida Blue under this Agreement shall not include the power to exercise control over the Group Health Plan's assets, if any, or discretionary authority over the Health Care Plan's operations, and that Florida Blue will not for any purpose, under ERISA or otherwise, be deemed to be the "Plan Administrator" of the Group Health Plan or a "fiduciary" with respect to the Group Health Plan. Florida Blue's services hereunder are intended to and shall consist only of ministerial functions. The Group Health Plan's "Administrator" for purposes of ERISA is Employer.

3.2 Enrollment; Forms and I.D. Cards

Florida Blue shall enroll those individuals who have completed an application and are identified by Employer as eligible for benefits under the Group Health Plan on the effective date of this Agreement, and subsequently during the continuance of this Agreement. Florida Blue shall be entitled to rely on the information furnished to it by Employer, and Employer shall hold Florida Blue harmless for any inaccuracy or failure to provide such information in a timely manner.

Florida Blue shall furnish to Employer, for distribution to persons participating in the Group Health Plan, a supply of identification cards, benefit plan descriptions, forms to be used for submission of claims and enrollment, and any other forms necessary for the administration of the Group Health Plan, as determined by Florida Blue.

3.3 Claims Processing

Florida Blue shall provide claims processing services on behalf of Employer for all properly submitted claims, in accordance with the benefits set forth in Exhibit "A", using funds solely supplied by Employer, as set forth in Exhibit "B". Florida Blue shall furnish each claimant with an explanation of each claim that is paid, rejected, suspended or denied.

For purposes of this Agreement, the term "claim(s)" shall be defined as the amount paid or payable by Florida Blue to providers of services and/or covered group members under this Agreement and the Group Health Plan, and in conformity with any agreements Florida Blue enters into with such providers of services, and includes capitation, physician incentives, pharmacy, physician, hospital and other fee-for-service claims expenditures. For value-based reimbursement programs Florida Blue enters into with participating providers, an applicable claim level surcharge may be included in the claim amount.

Claim level charges are used to fund a bonus pool for making quality improvement and financial performance incentive payments to providers which have entered into a value-based reimbursement arrangement with Florida Blue. The surcharge is only applicable to services provided by these providers, and shall not affect member cost sharing.

The accrued bonus pool, which shall be held in a non-interest bearing account, will include surcharge amounts contributed by other self-funded employers. All amounts in the bonus pool shall be available to fund incentive payments to providers who have entered into a value-based reimbursement arrangement with Florida Blue and who have achieved the requisite quality and financial goals.

The amount of the surcharge will be set by Florida Blue based on actuarially estimated incentive payments contractually due to providers. Florida Blue will perform periodic reconciliations of the bonus pool and may adjust the applicable claim level surcharge from time to time as it reasonably determines necessary to appropriately fund the bonus pool.

Such claims level surcharge amounts will not be refunded to Employer, including upon termination of this Agreement. Any surplus funds at the end of an incentive payment measurement period shall be used to fund incentive payments in a subsequent period. Any deficit in funds at the end of an incentive payment measurement period shall be collected in the next period through an adjustment to the claims level surcharge amount which will cover the previous period shortfall.

For value-based reimbursement programs Florida Blue enters into with participating providers, an applicable per member per month charge may be included in lieu of a claim level surcharge.

Additionally, Florida Blue may enter into bundled payment arrangements with providers of service which require a single provider to be responsible for providing and/or arranging for the provision of a group of services for a defined episode of care (e.g., hospital, physician and/or ancillary services).

In processing such claims for the defined episode of care, notwithstanding the requirements of Exhibit "A", Florida Blue may calculate the member cost sharing based upon the status of the provider receiving the bundled payment without regard to the fact that other provider types may have provided certain components of the episode included in the bundled payment arrangement.

3.4 Program Administration

Florida Blue shall administer its established cost containment programs and utilization benefits management programs, as selected by Employer and described in the Group Health Plan.

Florida Blue shall make available its Preferred Provider Organization Program(s) to covered group members and their covered dependents, as set forth in the Group Health Plan. Any agreements between providers of services and Florida Blue are the sole property of Florida Blue and Florida Blue retains the right to the use and control thereof.

3.5 Inaccurate Payments

Whenever Florida Blue becomes aware that the payment of a claim under the Group Health Plan to any person was, or may have been, made which was not in accordance with the terms of the Group Health Plan, whether or not such payment was Florida Blue's fault, and whether or not such payment was more than or less than was appropriate under the terms of the Group Health Plan, Florida Blue shall investigate such payment in accordance with its standard commercial insurance business practices and either 1) for an overpayment of \$50.00 or more, make a diligent effort to recover any payment which was more than was appropriate under the Group Health Plan or 2) as the case may be, adjust any claim the payment of which was less than appropriate under the Group Health Plan. Employer delegates to Florida Blue the discretion and the authority to determine under what circumstances to compromise a claim or to settle for less than the full amount of the claim. In the event any part of an inaccurate payment is recovered, Employer will receive a refund from Florida Blue. Nothing herein shall require Florida Blue to institute a legal action or suit to recover payments made by Florida Blue.

Additionally, Employer delegates to Florida Blue the discretion and authority to pursue recoveries for claims paid as a result of fraud, abuse or other inappropriate action by a third party, including the right to opt-out or opt-in Employer from any class action. These claims include, but are not limited to, all legal claims Employer can assert whether based on common law or statute such as RICO, antitrust, deceptive trade practices, consumer fraud, insurance fraud, unjust enrichment, breach of fiduciary duty, breach of contract, breach of covenant of good faith and fair dealing, torts (including fraud, negligence, and product liability), breach of warranty, medical monitoring, false claims and kickbacks. If Florida Blue obtains a recovery from any of these efforts, Florida Blue will reimburse Employer's pro rata share of the recovery. This share is calculated from Employer's claims history or covered members at the time of such recovery, less Employer's pro rata share of costs, if any, fees paid to outside counsel and any other costs incurred in obtaining that recovery. Florida Blue will not charge Employer for any costs if Florida Blue does not obtain a recovery that exceeds those costs.

3.6 Records and Reports

Florida Blue agrees to establish, maintain and provide to Employer, records and reports generated for the purposes of reporting claims experience and conducting audits of operations. Florida Blue will provide claims information only in accordance with Exhibit C (and Exhibit D, if applicable) to this Agreement. Florida Blue will not provide any information with regard to provider pricing agreements or any other information which is of a confidential or proprietary nature, as determined by Florida Blue.

3.7 Pharmacy Rebates

In certain circumstances, Florida Blue and/or its pharmacy benefits manager and/or vendors (collectively "PBM") negotiate(s) and receive(s) formulary rebates, volume discounts, and/or fees from certain drug manufacturers/distributors as a result of the inclusion of such manufacturer's/distributor's branded products on Florida Blue's formularies ("Rebates").

The PBM generally passes Rebates through to Florida Blue, less a 20% fee as part of its compensation for its services. At times, the PBM may pass through a guaranteed minimum amount per prescription that exceeds the Rebates otherwise payable to Florida Blue. In either situation, Florida Blue passes through 100% of the amounts it receives to Employer.

Florida Blue may receive a portion of the Rebates on a prepaid, estimated basis, before any drug claims are filed and paid. To the extent that Florida Blue receives prepaid, estimated rebate amounts, Florida Blue retains, as

part of its compensation, the interest earned on such amounts from the time it receives such prepayments until it forwards Employer's Rebates. This time period is generally nine to twelve months. Florida Blue expects to earn interest at the rate of 1.25% per annum.

Florida Blue pays Employer its Rebates or guaranteed minimum amount after Florida Blue is able to determine the share attributable to the drug claims actually made by Employer's group members. This typically occurs seven to nine months after the end of the calendar quarter in which the drugs were dispensed.

by Florida Blue will provide more specific information on the amounts retained Florida Blue or the PBM upon request by Employer.

3.8 Claims Payments

The source or sources of payment under the Group Health Plan are to be only the assets of Employer, and Florida Blue will have no liability whatsoever for providing a source from which payments will be made under the Group Health Care Plan.

3.9 Providers Outside the State of Florida

A. Inter-Plan Arrangements

Florida Blue has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as "Inter-Plan Arrangements." These Inter-Plan Arrangements operate under rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever members access healthcare services outside the geographic area Florida Blue serves, the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described generally below.

Typically, when accessing care outside the geographic area Florida Blue serves, members obtain care from healthcare providers that have a contractual agreement ("participating providers") with the local Blue Cross and/or Blue Shield Licensee in that other geographic area ("Host Blue"). In some instances, members may obtain care from healthcare providers in the Host Blue geographic area that do not have a contractual agreement ("nonparticipating providers") with the Host Blue. Florida Blue remains responsible for fulfilling our contractual obligations to Employer. Florida Blue payment practices in both instances are described below.

This disclosure describes how claims are administered for Inter-Plan Arrangements and the fees that are charged in connection with Inter-Plan Arrangements. (Note that Dental Care Benefits, except when not paid as medical claims/benefits, and those Prescription Drug Benefits or Vision Care

Benefits that may be administered by a third party contracted by Florida Blue to provide the specific service or services are not processed through Inter-Plan Arrangements.)

B. BlueCard® Program

The BlueCard® Program is an Inter-Plan Arrangement. Under this Arrangement, when members access covered healthcare services within the geographic area served by a Host Blue, the Host Blue will be responsible for contracting and handling all interactions with its participating healthcare providers. The financial terms of the BlueCard Program are described generally below.

1. Liability Calculation Method Per Claim – In General

a. Member Liability Calculation

Unless subject to a fixed dollar copayment, the calculation of the member liability on claims for covered healthcare services will be based on the lower of the participating provider's billed covered charges or the negotiated price made available to Florida Blue by the Host Blue.

b. Employer Liability Calculation

The calculation of Employer liability on claims for covered healthcare services processed through the BlueCard Program will be based on the negotiated price made available to Florida Blue by the Host Blue (under the contract between the Host Blue and the provider). Sometimes, this negotiated price may be greater for a given service or services than the billed charge in accordance with how the Host Blue has negotiated with its participating healthcare provider(s) for specific healthcare services. In cases where the negotiated price exceeds the billed charge, Employer may be liable for the excess amount even when the member's deductible has not been satisfied. This excess amount reflects an amount that may be necessary to secure (a) the provider's participation in the network and/or (b) the overall discount negotiated by the Host Blue. In such a case, the entire contracted price is paid to the provider, even when the contracted price is greater than the billed charge.

2. Claims Pricing

Host Blues determine a negotiated price, which is reflected in the terms of each Host Blue's provider contracts. The negotiated price made available to Florida Blue by the Host Blue may be represented by one of the following:

- (i) An actual price. An actual price is a negotiated rate of payment in effect at the time a claim is processed without any other increases or decreases; or

(ii) An estimated price. An estimated price is a negotiated rate of payment in effect at the time a claim is processed, reduced or increased by a percentage to take into account certain payments negotiated with the provider and other claim- and non-claim-related transactions. Such transactions may include, but are not limited to, anti-fraud and abuse recoveries, provider refunds not applied on a claim-specific basis, retrospective settlements and performance related bonuses or incentives; or

(iii) An average price. An average price is a percentage of billed covered charges in effect at the time a claim is processed representing the aggregate payments negotiated by the Host Blue with all of its healthcare providers or a similar classification of its providers and other claim- and non-claim-related transactions. Such transactions may include the same ones as noted above for an estimated price.

The Host Blue determines whether it will use an actual, estimated or average price. The use of estimated or average pricing may result in a difference (positive or negative) between the price Employer pays on a specific claim and the actual amount the Host Blue pays to the provider. However, the BlueCard Program requires that the amount paid by the member and Employer is a final price; no future price adjustment will result in increases or decreases to the pricing of past claims.

Any positive or negative differences in estimated or average pricing are accounted for through variance accounts maintained by the Host Blue and are incorporated into future claim prices. As a result, the amounts charged to Employer will be adjusted in a following year, as necessary, to account for over- or underestimation of the past years' prices. The Host Blue will not receive compensation from how the estimated price or average price methods, described above, are calculated. Because all amounts paid are final, neither positive variance account amounts (funds available to be paid in the following year), nor negative variance amounts (the funds needed to be received in the following year), are due to or from Employer. If Employer terminates, you will not receive a refund or charge from the variance account.

Variance account balances are small amounts relative to the overall paid claims amounts and will be liquidated over time. The timeframe for their liquidation depends on variables, including, but not limited to, overall volume/number of claims processed and variance account balance. Variance account balances may earn interest at the federal funds or similar rate. Host Blues may retain interest earned on funds held in variance accounts.

3. BlueCard Program Fees and Compensation

Employer understands and agrees to reimburse Florida Blue for certain fees and compensation which Florida Blue is obligated under the BlueCard

Program to pay to the Host Blues, to the Association and/or to vendors of BlueCard Program related services. The specific BlueCard Program fees and compensation that are charged to Employer are set forth in Exhibit B. BlueCard Program Fees and compensation may be revised from time to time.

Only the BlueCard Program access fee may be charged separately each time a claim is processed through the BlueCard Program. All other BlueCard Program related fees are included in the Administrative Fee.

The access fee is charged by the Host Blue to Florida Blue for making its applicable provider network available to Employer's. The access fee will not apply to non-participating provider claims. The access fee is charged on a per claim basis and is charged as a percentage of the discount/differential Florida Blue receives from the applicable Host Blue subject to a maximum of \$2,000 per claim. When charged, Florida Blue passes the access fee directly on to Employer.

Instances may occur in which the claim payment is zero or Florida Blue pays only a small amount because the amounts eligible for payment were applied to patient cost sharing (such as a deductible or coinsurance). In these instances, Florida Blue will pay the Host Blue's access fee and pass it along directly to Employer as stated above even Employer paid little or had no claim liability.

An Administrative Fee encompasses fees Florida Blue charges to Employer for administering Employer's benefit plan. They may include both local (within Florida Blue's service area) and Inter-Plan fees. For purposes of this Agreement, they include the following BlueCard Program related fees other than the BlueCard Program access fee: namely, administrative expense allowance (AEA) fee, central financial agency fee, ITS transaction fee, toll free number fee, PPO provider directory fee and Blue Cross Blue Shield Global® Core Program Fees, if applicable.

C. Special Cases: Value-Based Programs

Value-Based Programs Definitions

Accountable Care Organization (ACO): A group of healthcare providers who agree to deliver coordinated care and meet performance benchmarks for quality and affordability in order to manage the total cost of care for their member populations.

Global Payment/Total Cost of Care: A payment methodology that is defined at the patient level and accounts for either all patient care or for a specific group of services delivered to the patient such as outpatient, physician, ancillary, hospital services and prescription drugs.

Patient-Centered Medical Home (PCMH): A model of care in which each patient has an ongoing relationship with a primary care physician who coordinates a team to take collective responsibility for patient care and, when appropriate, arranges for care with other qualified physicians.

Shared Savings: A payment mechanism in which the provider and payer share cost savings achieved against a target cost budget based upon agreed upon terms and may include downside risk.

Value-Based Program (VBP): An outcomes-based payment arrangement and/or a coordinated care model facilitated with one or more local providers that is evaluated against cost and quality metrics/factors and is reflected in provider payment.

Value-Based Programs Overview

Employer's members may access covered healthcare services from providers that participate in a Host Blue's Value-Based Program. Value-Based Programs may be delivered either through the BlueCard Program or a Negotiated Arrangement. These Value-Based Programs may include, but are not limited to, Accountable Care Organizations, Global Payment/Total Cost of Care arrangements, Patient Centered Medical Homes and Shared Savings arrangements.

Value-Based Programs under the BlueCard Program

Under Value-Based Programs, a Host Blue may pay providers for reaching agreed upon cost/quality goals in the following ways:

The Host Blue may pass these provider payments to Florida Blue, which Florida Blue will pass directly on to Employer as either an amount included in the price of the claim or an amount charged separately in addition to the claim.

When such amounts are included in the price of the claim, the claim may be billed using one of the following pricing methods, as determined by the Host Blue:

- (i) Actual Pricing: The charge to accounts for Value-Based Programs incentives/Shared Savings settlements is part of the claim. These charges are passed to Employer via an enhanced provider fee schedule.
- (ii) Supplemental Factor: The charge to accounts for Value-Based Programs incentives/Shared Savings settlements is a supplemental amount that is included in the claim as an amount based on a specified supplemental factor (e.g., a small percentage increase in the claim amount). The supplemental factor may be adjusted from time to time.

When such amounts are billed separately from the price of the claim, they may be billed as follows:

- Per Member Per Month (PMPM) Billings: Per member per month billings for Value-Based Programs incentives/Shared Savings settlements to accounts are outside of the claim system. Florida Blue will pass these Host Blue charges directly through to Employer as a separately identified amount on the group billings; or,
- Where Host Blues pass on the costs of Value-Based Programs to Florida Blue as PMPM amounts not attached to specific claims, Florida Blue may elect to pass these amounts to Employer as a claim amount.

The amounts used to calculate either the supplemental factors for estimated pricing or PMPM billings are fixed amounts that are estimated to be necessary to finance the cost of a particular Value-Based Program. Because amounts are estimates, there may be positive or negative differences based on actual experience, and such differences will be accounted for in a variance account maintained by the Host Blue (in the same manner as described in the BlueCard claim pricing section above) until the end of the applicable Value-Based Program payment and/or reconciliation measurement period. The amounts needed to fund a Value-Based Program may be changed before the end of the measurement period if it is determined that amounts being collected are projected to exceed the amount necessary to fund the program or if they are projected to be insufficient to fund the program.

At the end of the Value-Based Program payment and/or reconciliation measurement period for these arrangements, Host Blues will take one of the following actions:

- Use any surplus in funds in the variance account to fund Value-Based Program payments or reconciliation amounts in the next measurement period.
- Address any deficit in funds in the variance account through an adjustment to the PMPM billing amount or the reconciliation billing amount for the next measurement period.

The Host Blue will not receive compensation resulting from how estimated, average or PMPM price methods, described above, are calculated. If Employer terminates, you will not receive a refund or charge from the variance account. This is because any resulting surpluses or deficits would be eventually exhausted through prospective adjustment to the settlement billings in the case of Value-Based Programs. The measurement period for determining these surpluses or deficits may differ from the term of this Agreement.

Variance account balances are small amounts relative to the overall paid claims amounts and will be liquidated over time. The timeframe for their liquidation depends on variables, including, but not limited to, overall volume/number of claims processed and variance account balance. Variance account balances may earn interest, and interest is earned at the federal funds or similar rate. Host Blues may retain interest earned on funds held in variance accounts.

Note: Members will not bear any portion of the cost of Value-Based Programs except when a Host Blue uses either average pricing or actual pricing to pay providers under Value-Based Programs.

Care Coordinator Fees

Host Blues may also bill Florida Blue for care coordinator fees for provider services which we will pass on to Employer as follows:

1. PMPM billings; or
2. Individual claim billings through applicable care coordination codes from the most current editions of either Current Procedural Terminology (CPT) published by the American Medical Association (AMA) or Healthcare Common Procedure Coding System (HCPCS) published by the U.S. Centers for Medicare and Medicaid Services (CMS).

As part of this Agreement, Florida Blue and Employer will not impose member cost sharing for care coordinator fees.

D. Return of Overpayments

Recoveries from a Host Blue or its participating and nonparticipating providers can arise in several ways, including, but not limited to, anti-fraud and abuse recoveries, healthcare provider/hospital bill audits, credit balance audits, utilization review refunds and unsolicited refunds. Recoveries will be applied in general, on either a claim-by-claim or prospective basis. If recovery amounts are passed on a claim-by-claim basis from a Host Blue to Florida Blue they will be credited to Employer. In some cases, the Host Blue will engage a third party to assist in identification or collection of recovery amounts. The fees of such a third party may be charged to Employer as a percentage of the recovery.

E. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

In some instances federal or state laws or regulations may impose a surcharge, tax or other fee that applies to self-funded accounts. If applicable, Florida Blue will disclose any such surcharge, tax or other fee to Employer, which will be Employer's liability.

F. Nonparticipating Providers Outside Florida Blue's Service Area

1. Member Liability Calculation

a. In General

When covered healthcare services are provided outside of Florida Blue's service area by nonparticipating providers, the amount(s) a member pays for such services will be based on either the Host Blue's nonparticipating healthcare provider local payment or the pricing arrangements required by applicable state law. In these situations, the member may be responsible for the difference between the amount that the nonparticipating provider bills and the payment Florida Blue will make for the covered services as set forth in this paragraph. Payments for out-of-network emergency services will be governed by applicable federal and state law.

b. Exceptions

In some exception cases, at Employer's direction, Florida Blue may pay claims from nonparticipating healthcare providers outside of Florida Blue's service area based on the provider's billed charge. This may occur in situations where a member did not have reasonable access to a participating provider, as determined by Florida Blue (in Florida Blue's sole and absolute discretion) or by applicable state law. In other exception cases, (at Employer's direction) Florida Blue may pay such claims based on the payment Florida Blue would make if Florida Blue were paying a nonparticipating provider inside of Florida Blue's service area, as described elsewhere in this Agreement. This may occur where the Host Blue's corresponding payment would be more than Florida Blue's in-service area nonparticipating provider payment. Florida Blue may choose to negotiate a payment with such a provider on an exception basis.

Unless otherwise stated, in any of these exception situations, the member may be responsible for the difference between the amount that the nonparticipating healthcare provider bills and the payment Florida Blue will make for the covered services as set forth in this paragraph.

2. Fees and Compensation

Employer understands and agrees to reimburse Florida Blue for certain fees and compensation which we are obligated under applicable Inter-Plan Arrangement requirements to pay to the Host Blues, to the Association and/or to vendors of Inter-Plan Arrangement-related services. The specific fees and compensation that are charged to Employer are set forth in Exhibit B, if applicable. Fees and compensation under applicable Inter-Plan Arrangements may be revised from time to time.

G. Blue Cross Blue Shield Global® Core

1. General Information

If members are outside the United States, (the Commonwealth of Puerto Rico and the U.S. Virgin Islands) (hereinafter: “BlueCard service area”), they may be able to take advantage of the Blue Cross Blue Shield Global® Core Program when accessing covered healthcare services. The Blue Cross Blue Shield Global® Core Program is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although the Blue Cross Blue Shield Global® Core Program assists members with accessing a network of inpatient, outpatient and professional providers, the network is not served by a Host Blue. As such, when members receive care from providers outside the BlueCard service area, the members will typically have to pay the providers and submit the claims themselves to obtain reimbursement for these services.

- Inpatient Services

In most cases, if members contact the Blue Cross Blue Shield Global® Core Service Center for assistance, hospitals will not require members to pay for covered inpatient services, except for their cost-share amounts. In such cases, the hospital will submit member claims to the Blue Cross Blue Shield Global® Core Service Center to initiate claims processing. However, if the member paid in full at the time of service, the member must submit a claim to obtain reimbursement for covered healthcare services. Members must contact Florida Blue to obtain precertification for non-emergency inpatient services.

- Outpatient Services

Physicians, urgent care centers and other outpatient providers located outside the BlueCard service area will typically require members to pay in full at the time of service. Members must submit a claim to obtain reimbursement for covered healthcare services.

- Submitting a Blue Cross Blue Shield Global® Core Claim

When members pay for covered healthcare services outside the BlueCard service area, they must submit a claim to obtain reimbursement. For institutional and professional claims, members should complete a Blue Cross Blue Shield Global® Core International claim form and send the claim form with the provider’s itemized bill(s) to the Blue Cross Blue Shield Global® Core Service Center address on the form to initiate claims processing. The claim form is available from Florida Blue, the Blue Cross Blue Shield Global® Core Service Center, or online at www.bcbsglobalcore.com. Further, Employer agrees to indemnify and hold harmless Florida Blue for any taxes or assessments, including penalties and interest, or any other amounts legally levied based on the terms of this Agreement. This provision applies to any amounts imposed, now or later, under the authority of any federal, state, or local taxing jurisdiction. On the first anniversary date after enrollment falls below one thousand (1,000) contracts, access fees will apply in those Consortium Plan service areas where enrolled members reside and Consortium fees were not previously established. The Privacy Practices Notices will address whether GHP discloses or authorizes Florida Blue to disclose to Employer enrollment data, Summary Health Information that may include Covered Persons' Individually Identifiable Health Information, or Protected Health Information for plan administration functions. Unless otherwise agreed upon by the Parties, GHP hereby adopts Florida Blue's Privacy Practices Notice attached as **EXHIBIT 1**, and any future revisions thereof, as its own.

VI. ISSUANCE OF CERTIFICATE OF CREDITABLE COVERAGE

At the written or electronic direction of Employer or GHP, Florida Blue may use and disclose Protected Health Information to issue to each Covered Person, whose coverage under a benefits plan administered pursuant to the Agreement terminates during the term of the Agreement, a Certificate of Creditable Coverage. VII. SAFEGUARDING PROTECTED HEALTH INFORMATION

A. Privacy of Protected Health Information

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION.

PLEASE REVIEW IT CAREFULLY.

This Notice is effective as of September 03, 2013.

We (Blue Cross and Blue Shield of Florida, Inc., d/b/a/ Florida Blue and Health Options, Inc., d/b/a Florida Blue HMO, collectively referred to as Florida Blue in this Notice) understand the importance of, and are committed to, maintaining the privacy of your protected health information (PHI). PHI is health and nonpublic personal financial information that can reasonably be used to identify you and that we maintain in the normal course of either administering your employer's self-insured group health plan or providing you with insured health care coverage and other services. PHI also includes your personally identifiable information that we may collect from you in connection with the application and enrollment process for health insurance coverage.

We are required by applicable federal and state laws to maintain the privacy of your PHI. We are also required to provide you with this Notice which describes our privacy practices, our legal duties, and your rights concerning your PHI. We are required to follow the privacy practices that are described in this Notice while it is in effect.

We reserve the right to change our privacy practices and the terms of this Notice at any time and to make the terms of our revised Notice effective for all of your PHI that we either currently maintain or that we may maintain in the future. If we make a significant change in our privacy practices, we will post a revised Notice on our web site by the effective date, and provide the revised Notice, or information about the change and how to get the revised Notice, to covered individuals in our next annual mailing.

How we protect your PHI:

- Our employees are trained on our privacy and data protection policies and procedures;
- We use administrative, physical and technical safeguards to help maintain the privacy and security of your PHI;
- We have policies and procedures in place to restrict our employees' use of your PHI to those employees who are authorized to access this information for treatment or payment purposes or to perform certain healthcare operations; and
- Our corporate Business Ethics, Integrity & Compliance division monitors how we follow our privacy policies and procedures.

How we must disclose your PHI:

- **To You:** We will disclose your PHI to you or someone who has the legal right to act on your behalf (your personal representative) in order to administer your 'Individual Rights' under this Notice.
- **To The Secretary of the Department of Health and Human Services (HHS):** We will disclose your PHI to HHS, if necessary, to ensure that your privacy rights are protected.
- **As Required by Law:** We will disclose your PHI when required by law to do so.

How we may use and disclose your PHI without your written authorization:

We may use and disclose your PHI without your written authorization in a number of different ways in connection with your treatment, the payment for your health care, and our health care operations. When using or disclosing your PHI, or requesting your PHI from another entity, we will make reasonable efforts to limit such use, disclosure or request, to the extent practicable, to the minimum necessary to accomplish the intended purpose of such use, disclosure or request. The following are only a few examples of the types of uses and disclosures of your PHI that we may make without your written authorization.

- **For Treatment:** We may use and disclose your PHI as necessary to aid in your treatment or the coordination of your care. For example, we may disclose your PHI to doctors, dentists, hospitals, or other health care providers in order for them to provide treatment to you.

For example, we may disclose your PHI to your family members, friends or caregivers if you direct us to do so or if we exercise professional judgment and determine that they are involved in either your care or the administration of your health benefits policy. We may send an explanation of benefits to the policyholder, which may include claims paid and other information. We may determine that persons are involved in your care or the administration of your health benefits policy if you either agree or fail to object to a disclosure of your PHI to such persons when given an opportunity. In an emergency or in situations where you are incapacitated or not otherwise present, we may disclose your PHI to your family members, friends, caregivers or others, when the circumstances indicate that such disclosure is authorized by you and is in your best interests. In these situations we will only disclose your PHI that is relevant to

such other person's involvement in your care or the administration of your health benefits policy.

- **For Health Care Operations:** We may use and disclose your PHI to support other business activities. For example, we may use or disclose your PHI to conduct quality assessment and improvement activities, to conduct fraud and abuse investigations, to engage in care coordination or case management, or to communicate with you about health related benefits, products or services or treatment alternatives that may be of interest to you. These Business Associates include lawyers, accountants, consultants, claims clearinghouses, and other third parties. Our Business Associates may re-disclose your PHI to subcontractors in order for these subcontractors to provide services to the Business Associates. We may also disclose certain PHI to the plan sponsor to perform plan administration functions. We may disclose summary health information to the plan sponsor so that the plan sponsor may either obtain premium bids or decide whether to amend, modify or terminate your group health plan. Please see your plan documents, where applicable, for a full explanation of the limited uses and disclosures that the plan sponsor may make of your PHI in providing plan administration functions for your group health plan.
- **For Coroners, Funeral Directors, and Organ Donation:** We may disclose your PHI to a coroner or medical examiner for identification purposes, determining cause of death or for the coroner or medical examiner to perform other duties authorized by law. We may also disclose PHI to a funeral director, as authorized by law, in order to permit the funeral director to carry out his or her duties. We may disclose such information in reasonable anticipation of death. PHI may be used and disclosed for cadaveric organ, eye, or tissue donation purposes.

We will obtain your written authorization, as described below, for: (i) uses and disclosures of your PHI for marketing purposes, including subsidized treatment communications (except for certain activities otherwise permitted by federal privacy law, such as face-to-face communications or promotional gifts of nominal value); (ii) disclosures of your PHI that constitute a sale of PHI under federal privacy law and that requires your authorization; and (iii) other uses and disclosures of your PHI not described in this Notice.

There are also other federal and state laws that may further restrict our disclosure of certain PHI (to the extent we maintain such information) that is deemed highly confidential. Highly confidential PHI may include information pertaining to:

- psychotherapy notes;
- alcohol and drug abuse prevention, treatment and referral;
- HIV/AIDS testing, diagnosis or treatment;
- sexually transmitted diseases; and

Our intent is to meet the requirements of these more stringent privacy laws and we will only disclose this type of specially protected PHI with your prior written authorization except when our disclosure of this information is permitted or required by law.

Authorization: You may give us written authorization to use your PHI or disclose it to anyone for any purpose not otherwise permitted or required by law. If you give us an authorization, you may revoke it in writing at any time. Your revocation will not affect any use or disclosure permitted by your authorization while it was in effect. In the event that you are incapacitated or are otherwise unable to respond to our request for an authorization, (for example, if you are or become legally incompetent), we may accept an authorization from any person who is legally authorized to give such authorization on your behalf.

Individual Rights:

To exercise any of these rights, please call the customer service number on your ID card.

- **Access:** With limited exceptions, you have the right to inspect, or obtain copies of, your PHI. We may charge you a reasonable fee as permitted by law. We will provide you a copy of your PHI in the form and format requested, if it is readily producible in such form or format or, if not, in a readable hard copy form

or such format as agreed to by you and us. Where your PHI is contained in one or more designated record sets electronically, you have the right to obtain a copy of such information in the electronic form and format requested, if it is readily producible in such form and format; or if not, in a readable electronic form and format as agreed to by us and you. You may request that we transmit the copy of your PHI directly to another person, provided your request is in writing, signed by you, and you clearly identify the designated person and where to send the copy of the PHI.

- **Amendment:** With limited exceptions, you have the right to request that we amend your PHI.
- **Disclosure Accounting:** You have the right to request and receive a list of certain disclosures made of your PHI. If you request this list more than once in a 12-month period, we may charge you a reasonable fee as permitted by law to respond to any additional request.
- **Use/Disclosure Restriction:** You have the right to request that we restrict our use or disclosure of your PHI for certain purposes. We are required to agree to a request to restrict the disclosure of your PHI to a health plan if you submit the request to us and: (i) the disclosure is for purposes of carrying out payment or health care operations and is not otherwise required by law; and (ii) the PHI pertains solely to a health care item or service for which you, or a person on your behalf other than the health plan, has paid the covered entity out-of-pocket in full. We may not be required to agree to all other restriction requests and, in certain cases, we may deny your request. We will agree to restrict the use or disclosure of your PHI provided the law allows and we determine the restriction does not impact our ability to administer your benefits. Even when we agree to a restriction request, we may still disclose your PHI in a medical emergency and use or disclose your PHI for public health and safety and other similar public benefit purposes permitted or required by law.
- **Confidential Communication:** You have the right to request that we communicate with you in confidence about your PHI at an alternative address. When you call the customer service number on your ID card to request confidential communications at an alternative address, please ask for a "PHI address."

Note: If you choose to have confidential communications sent to you at a PHI address, we will only respond to inquiries from you. If you receive services from any health care providers, you are responsible for notifying those providers directly if you would like a PHI address from them.

- **Privacy Notice:** You have the right to request and receive a copy of this Notice at any time. For more information or if you have questions about this Notice, please contact us using the information listed at the end of this Notice.

- **Breach:** You have the right to receive, and we are required to provide, written notification of a breach where your unsecured PHI has been accessed, used, acquired, or disclosed to an unauthorized person as a result of such breach, and which compromises the security or privacy of your PHI. Unless specified in writing by you to receive the notification by electronic mail, we will provide such written notification by first class mail or, if necessary, by such other substituted forms of communication permitted under the law.

CONFIDENTIALITY AND INDEMNITY AGREEMENT

This Agreement, effective Date is entered into between Blue Cross and Blue Shield of Florida, Inc. d/b/a Florida Blue (hereinafter "Florida Blue"), Corporation (hereinafter "Employer") and Name (hereinafter "Authorized Person").

WHEREAS, Employer has established and maintains a self-insured Employee Welfare Benefit Plan pursuant to the Employee Retirement Income Security Act of 1974 to provide certain benefits as its Group Health Plan (hereinafter "Plan") for covered group members and their covered dependents; and

WHEREAS, Florida Blue and Employer have entered into an agreement for the administration of the Group Health Plan (hereinafter "Administrative Services Agreement"); and

WHEREAS, Employer has directed Florida Blue to provide those persons and/or entities listed in Exhibit 3 of the Administrative Services Agreement (each, an "Authorized Person") with access to certain Confidential Information (hereinafter defined) mutually agreed upon by the parties, which Employer has determined is necessary for Authorized Person to perform certain services for Employer; and

WHEREAS, Florida Blue desires to safeguard the confidentiality of the medical claims and other information acquired with regard to the covered group members and their covered dependents; to safeguard information which Florida Blue considers to be confidential, proprietary and/or competitively-sensitive trade secret information; and

WHEREAS, Employer and Authorized Person recognize the legitimate interests of Florida Blue and the individuals whose health benefits are administered by Florida Blue in the proprietary, confidential, and private nature of such Confidential Information, and Florida Blue is willing to provide the Confidential Information only if its use is restricted to the purpose for which it is released and its confidentiality is maintained;

NOW, THEREFORE, for good and valuable consideration, the parties hereby agree as follows:

1. For the purposes of this Agreement, "Confidential Information" means the information listed below in this Paragraph 1, any information that Authorized Person learns or becomes aware of, directly or indirectly, through the disclosure of Confidential Information, and any and all

summaries, distillations, excerpts, work product or other documents utilizing or incorporating same, whether in whole or in part.

- Medical claim record information concerning individuals covered under the Plan,
- Florida Blue’s provider contract information, e.g., allowances, fee schedules, etc., and
- any other information designated by Florida Blue as confidential, Trade Secret, or proprietary.

Confidential Information shall not include information that (i) is already known to Authorized Person on effective date of this Agreement; (ii) is or becomes known to the general public other than as a direct or indirect result of any act or omission of Employer, Authorized Person, or the affiliates, officers, directors, partners, employees, or agents (collectively, the “Related Parties”) of Employer or Authorized Person; (iii) is lawfully received by Authorized Person from a third party that Authorized Person has verified is free to disclose the information without restriction on disclosure; or (iv) is independently developed by Authorized Person without use of Confidential Information.

For the purposes of this Agreement, “Trade Secret Information” means competitively-sensitive information such that it is advantageous to Florida Blue in the marketplace and which Florida Blue considers to be a trade secret protected from public disclosure, including protection from disclosure in any meeting which is subject to Florida’s Government in the Sunshine Law, § 286.011, *Florida Statutes*.

2. Subject to applicable laws, Florida Blue will release Confidential Information to Authorized Person in confidence and solely for Authorized Person use in performing certain services for Employer; provided that Employer is in compliance with all other terms and conditions of this Agreement and the Administrative Services Agreement and Authorized Person is in compliance with all other terms and conditions of this Agreement.
3. Authorized Person agrees (i) to request and use only the minimum amount of Confidential Information necessary for Authorized Person to perform the services for Employer; (ii) to protect any and all Confidential Information Authorized Person receives from unauthorized access, use and disclosure; (iii) not to use the Confidential Information for any purpose other than performing the services for Employer; (iv) not to record, copy, or reproduce any Confidential Information in any form, except to the extent necessary to perform the services for Employer; (v) not to disclose the Confidential Information to, or otherwise permit to access the Confidential Information, any third party, including without limitation Authorized Person’s Related Parties, except as expressly provided herein or with Florida Blue’s prior written consent; (vi) to limit access to and use of the Confidential Information to those of Authorized Person’s employees who have a need to know such information for the purpose of performing the services and have acknowledged, in a writing which will be made available to Florida Blue upon request, their individual agreement to the terms hereof; and (vii) to take any and all other steps necessary to safeguard Confidential Information against unauthorized access, use, and disclosure to at least the extent Authorized Person maintains the confidentiality of its most proprietary and confidential information.

4. Authorized Person shall promptly report in writing to Florida Blue any use or disclosure of Confidential Information not provided for under this Agreement, of which Authorized Person becomes aware, but in no event later than within five business days of first learning of any such use or disclosure. Authorized Person shall mitigate, to the extent practicable, any harmful effect that is known to Authorized Person of a use or disclosure of Confidential Information by Authorized Person in violation of this Agreement.
5. Authorized Person may disclose Confidential Information if required to do so under any federal, state, or local law, statute, rule or regulation; provided, however, that (i) Authorized Person will provide Florida Blue with immediate written notice of any request that Authorized Person disclose Confidential Information, so that Florida Blue may object to the request and/or seek an appropriate protective order or, if such notice is prohibited by law, Authorized Person shall disclose the minimum amount of Confidential Information required to be disclosed under the applicable legal mandate; and (ii) in no event shall Authorized Person disclose Confidential Information to a party other than a government agency except under a valid order from a court having jurisdiction requiring the specific disclosure.
6. By disclosing Confidential Information to Authorized Person under this Agreement (including but not limited to information incorporated in computer software or held in electronic storage media), Florida Blue grants Authorized Person no ownership right or interest in the Confidential Information. When Authorized Person no longer needs the Confidential Information for the purpose for which it was disclosed but no later than the expiration or termination of this Agreement, Authorized Person shall collect and return to Florida Blue or destroy all Confidential Information received from or on behalf of Florida Blue that Authorized Person has in its control or custody in any form and shall retain no copies of such information. Authorized Person shall complete these obligations as promptly as possible. Upon request, an authorized officer of Authorized Person shall certify on oath to Florida Blue that all Confidential Information has been returned or destroyed and deliver such certification to Florida Blue within ten (10) business days of its request. If return or destruction of any Confidential Information is not feasible, Authorized Person shall limit further uses and disclosures of such Confidential Information to those purposes making return or destruction infeasible and continue to apply the protections of this Agreement to such Confidential Information for so long as Authorized Person retains such Confidential Information. Authorized Person may, subject to its continued adherence to its obligations of confidentiality as defined in this Agreement, retain one copy of documents containing Confidential Information to defend its work product and to comply with applicable insurance record-keeping laws and regulations.
7. In the event that Authorized Person performs any of the services on Florida Blue's premises, Authorized Person agrees not to remove from Florida Blue's premises any Confidential Information that is provided to or obtained by the Authorized Person on such premises, without the prior written consent of Florida Blue.
8. Any report or transmittal to Employer by Authorized Person that contains or pertains to oral or written Confidential Information shall not contain any information designated by Florida Blue as trade secret or proprietary.

9. Employer and Authorized Person shall comply with all applicable federal, state or local laws, rules, or regulations or any other order of any authorized court, agency, or regulatory commission, and all applicable professional standards and practices, regulating the disclosure of patient records or private or medically sensitive information pursuant to this Agreement, including without limitation, information relating to the treatment of alcohol and drug abuse dependency or patient records, HIV testing results, and psychological or psychiatric evaluation.
10. To the extent permitted by law now or hereinafter enacted, Employer agrees to indemnify, defend, and hold Florida Blue and each of its officers, directors, employees, agents, and other representatives (collectively, "Florida Blue's Related Parties") harmless from any actual or threatened legal or administrative action, claim, liability, penalty, fine, assessment, lawsuit, litigation, or other loss, expense, or damage, including without limitation reasonable attorneys' fees and costs (collectively, "Liability"), that Florida Blue or Florida Blue's Related Parties may incur arising out of or relating to the disclosure of Confidential Information to Employer and Authorized Person.
11. Authorized Person agrees to indemnify, defend, and hold Florida Blue and Florida Blue's Related Parties harmless from any actual or threatened Liability, that Florida Blue or Florida Blue's Related Parties may incur arising out of or in connection with any actual or alleged breach by Authorized Person or any of Authorized Person's Related Parties of any applicable law, regulation, or other legal mandate or any provision of this Agreement.
12. Florida Blue shall have the option to either provide its own legal counsel or arrange for outside counsel for the defense of such matters referenced above, and the costs of either shall be borne by the indemnifying party in the event of indemnification.
13. Employer and Authorized Person acknowledge and agree that Florida Blue operates in a highly regulated and competitive environment and that the unauthorized use or disclosure of Confidential Information will cause irreparable harm and significant injury to Florida Blue, which will be difficult to measure with certainty or to compensate through money damages. Accordingly, Florida Blue shall be entitled to seek injunctive or other equitable relief, without bond, and/or specific performance as a remedy for any breach of this Agreement. Such remedy shall not be deemed to be the exclusive remedy for a breach of this Agreement, but shall be in addition to all other remedies available at law or in equity.
14. It is understood and agreed that no failure or delay by Florida Blue in exercising any right, power or privilege hereunder shall operate as a waiver thereof, nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any right, power or privilege hereunder.
15. Upon occurrence of any of the following, this Agreement shall terminate without notice, unless notice is specifically required:
 - a. Termination of the Administrative Services Agreement.

- b. If Florida Blue determines at its own discretion that the Confidential Information released pursuant to this Agreement is not being adequately protected by either Employer or Authorized Person for confidentiality purposes.
 - c. Upon fifteen (15) days' notice to Employer and Authorized Person, as appropriate. Such notice shall be given without need for cause.
 - d. Upon any attempt by Employer and Authorized Person (which attempts shall be null and void) to assign this Agreement or the right to receive information, without the prior express consent of Florida Blue.
 - e. Upon enactment of or the effective date of, whichever first occurs, any applicable state or federal law or any rule or regulation of any agency having applicable jurisdiction, which law, rule or regulation shall prohibit (in part or in full) Florida Blue from fulfilling its obligations hereunder. No penalty, liability or damage shall be applicable or claimed by Employer and Authorized Person against Florida Blue in such event.
16. The relationship between the parties is that of independent contractors. Nothing in this Agreement shall be construed to create a partnership or joint venture between the parties and neither party shall have the right to bind the other to any contracts, agreements, or other obligations without the express, written consent of an authorized representative of the other.
17. This Agreement shall be governed and construed by the laws of the State of Florida (irrespective of its choice of law principles). It constitutes the entire Agreement between the parties in reference to all matters expressed in the Agreement. All previous discussions, promises, representations, and understandings between the parties pertaining thereto, if any, being merged herein.
18. This Agreement may not be assigned, nor any obligations delegated, by Employer and Authorized Person, without the prior written consent of Florida Blue, and any such non-permitted assignment or delegation shall be void.
19. In the event any provision of this Agreement is rendered invalid or unenforceable by any valid act of Congress or the Florida Legislature or by any regulation duly promulgated by the officers of the United States or the State of Florida acting in accordance with law, or if declared null and void by any court of competent jurisdiction, the remainder of this Agreement shall remain in full force and effect.
20. Waiver of breach of any provision of this Agreement shall not be deemed a waiver of any other breach of the same or a different provision.
21. The obligation of Employer and Authorized Person to protect the privacy and/or competitively sensitive nature of the Confidential Information as specified in this Agreement shall be continuous and survive the expiration or termination of this Agreement. In addition, any provision of this Agreement which requires or reasonably contemplates the performance or existence of obligations by either party after termination or expiration of this Agreement shall survive such termination or expiration.

22. This Agreement may be amended by mutual agreement of the parties, but no such amendment shall become effective until it is reduced to writing and signed by duly authorized representatives of each party.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed by their duly authorized representative as set forth below.

XV. Provider and Network Services:

Proposer should maintain a provider managed care network consisting of hospitals, physicians, allied and ancillary services, and durable medical equipment. This arrangement should:

- 1. Provide services with reasonable promptness with respect to geographical location, hours of operation, and after hours care; including emergency care available 24 hours a day, 7 days a week.**

Confirmed.

- 2. Contract with network physicians that:**

- a) Hold appropriate occupational and professional licenses;**
- b) Hold active and unrestricted privileges in their specialty;**
- c) Have a valid Drug Enforcement and Administration (DEA) number and hold unrestricted prescribing privileges (except chiropractors);**
- d) Have hospital privileges at participating hospitals;**
- e) Have not been convicted of a felony or greater crime;**
- f) Are specialty board certified (80% or greater); and**

We have board certification of some specialty providers under the 80% request.

- g) Have not been suspended, placed on probation or limited from any hospital privileges or restricted from receiving payments from Medicare, Medicaid, or other third party programs during the last five years.**

Confirmed, except as noted above.

- 3. Contract with network hospitals that:**

- a) Hold current Joint Commission on Accreditation of Hospitals (JCAH) accreditation without conditions and licensure;**

Approximately 96% of our network participating NetworkBlue hospitals are JC accredited.

- b) Have at least 80% of staff physicians with full admitting privileges board certified;**

Board certification statistics for some staff physicians are not available.

- c) Are free from disciplinary action for the last five years;
- d) Are Medicare certified; and
- e) Hold current accreditation with one of the following (in lieu of JCAH), if the hospital is primarily of a rehabilitative nature and lacks surgical facilities:
 - 1. American Osteopathic Hospital Association; or
 - 2. Commission on the Accreditation of Rehabilitative Facilities.

Confirmed, except as noted above.

4. Provide a network(s) consisting of providers that have the capacity to provide treatment throughout the State of Florida and for those that are either visiting or reside outside of Florida.

Confirmed.

Accordingly, this RFP includes a Most Utilized Providers Attachment listing the top providers and asking proposers to respond (yes or no) regarding whether the providers and hospitals are included or not in the network for each plan proposed.

As the incumbent carrier, please refer to the Top Provider Report provided on the electronic flash drive.

- a) Proposers should include a detailed list that includes all participating hospitals in the following counties: Monroe and Miami-Dade.

Please refer to the Par Hospitals List at the end of this section.

- b) The School Board desires that the hospital in the network(s) collectively provide comprehensive services.

Confirmed.

- c) The School Board desires that the network(s) include a full range of primary and specialists.

Confirmed.

5. Provide benefits to employees/dependents that are referred to an out-of-network specialist due to the lack of in-network providers in that specialty, at the in-network benefit level.

Referrals are not required; however, network physicians choosing to refer patients are encouraged, but not required, to use network providers. BlueOptions members have the freedom to choose in-network or out-of-network providers including specialists and labs but are encouraged to verify a provider's network participation status before receiving services. Members choosing to receive services from non-participating providers would incur higher out of pocket costs and may be subject to balance billing.

6. In addition, provide in-network benefits to non-participating providers when services provided at an in-network facility by facility-based providers, such as hospitalists, surgical assistants, anesthesiologists, radiologists, pathologists, etc.

Hospital-based physicians' contracts are negotiated individually with various entities throughout the state. As a standard benefit, when a member receives covered services from a network participating hospital, all emergency medicine, emergency room physicians, anesthesiologists, hospitalists, pathologists, and radiologists will be reimbursed at the in-network coinsurance amount, regardless of their network participation status. Reimbursement methodologies can be percentage of Medicare, flat rates, or conversion factor (Anesthesia timed services).

For our BlueOptions plans, if the provider is not a network participating provider, balance billing may occur even though BCBSF provides payment at the in-network rates. When non-participating hospitals are used, hospital-based physicians are reimbursed based on their network participation status.

7. Please detail how and at what rate you reimburse out-of-network claims.

We establish the allowed amount for out of network services in accordance with the requirements of the member's benefit plan and any other applicable law. While the specific benefit plan language and any other applicable law is determinative, the allowed amount is typically the lesser of the actual billed amount and an amount established by BCBSF based on several factors including, but not limited to, Medicare and/or Medicaid payments, amounts often accepted by other participating and non-participating providers, payment amounts which are consistent with our provider network strategies and/or the cost of providing the specific covered services.

If the services are rendered outside of the state of Florida, the allowed amount is typically the amount the Blue Cross and/or Blue Shield plan in that geography would pay. If a member has more questions regarding these Allowed Amounts, the member can call customer service for more assistance.

- 8. Include ancillary providers in the network(s) that are properly licensed and credentialed, and provide the following services: imaging centers, diagnostic x-ray and laboratory facilities, durable medical goods, home health care, skilled nursing facility, birth centers, and hospices.**

Confirmed.

- 9. Provide employees with current directories on an annual basis with quarterly updates, and/or provide on-line access to current directory information.**

Hard copy provider directories are available upon request; however, we promote the link to our online provider search as it accesses the most up-to-date information about our participating providers. Online provider information, including doctors, pharmacies, hospitals, and other health care providers, is available 24 hours a day through our website floridablue.com.

- 10. Require that network providers hold the employees/dependents and the School Board harmless from any fees for services which are rendered that are plan eligible charges (except deductibles, co-payments and coinsurance), regardless of the reason for non-payment.**

All of our provider contracts prohibit participating providers from balance billing members for covered services. Participating providers may only bill members for deductibles, coinsurance and/or copayment, and non-covered charges.

- 11. Prohibit network providers from balance billing the patient for any excess of contracted amount, except for deductibles, co-payments and coinsurance.**

Participating providers in our networks agree not to balance bill as part of their contractual obligations.

- 12. Provide Medical Case Management that:**

- a) Uses Florida Registered Nurses and vocational counselors to provide all the services described below. Refer more complicated cases and/or disputes with providers to physician consultants who are licensed and are board certified in their specialty.**

Confirmed.

- b) Performs specific services that coordinate the provision of care and the management of benefits in cases of catastrophic illness or injury. Such a program should strive to ensure that patients receive the most appropriate, cost-effective care and derive maximum advantage from available plan benefits. It may require**

covering expenses not normally covered by the plan (e.g., air conditioners, wheelchair ramps, etc.) in exceptional Situations, to return a patient to a productive life.

The Case Management program provides caring solutions for our members who have serious health problems, customized to the member's health care needs. In order to meet the member's health care needs, the case manager works within the benefit plan and also identifies community and financial resources that may assist with services that are not covered under the member's benefit plan.

- c) Follows specific medical/disability criteria to determine which claims may need medical/disability management intervention of common medical conditions.**

Confirmed.

- d) Coordinates with Utilization Review and claims processing for effectiveness and efficiency.**

Confirmed.

- e) Provides quarterly medical case management reports on all claims expected to exceed \$50,000 or otherwise identified as being the type of claim which will benefit from medical case management, in addition to reports that identify current and past caseloads, prognoses and savings realized through case management.**

These reports are currently provided twice per year at MCDS's request.

13. Provide Utilization Review that:

- a) Uses Florida licensed Registered Nurses to provide all the services described below. Refer more complicated cases and/or disputes with providers to physician consultants who are licensed and are board certified in their specialty.**

Confirmed.

- b) Includes the following specific services:**

- 1. Pre-admission certification for medical admissions, and determination of medical necessity;**

Confirmed. However, our BlueOptions product does not require pre-admission certification, only notification for admissions.

- 2. Continued stay review by telephone of all hospitalizations. Certification of the need for additional days beyond the initial pre- certification, Medical necessity of treatment and length of stay to be strictly observed. No benefits are to be payable if the treatment is not medically necessary;**

Continued stay reviews are conducted via telephone, fax and through access to electronic medical records for targeted cases.

- 3. Concurrent Review of selected hospitalizations via personal visit by a Registered Nurse (RN) where conditions indicate a need for such;**

Continued stay reviews are conducted via telephone, fax and through access to electronic medical records for targeted cases. Concurrent Review and Case Managers work directly with hospital discharge planners to ensure a smooth discharge. Our transition team follows members that have a high risk of readmission for up to 30 days post discharge.

- 4. Retrospective Utilization Review (after delivery of service, but prior to payment) of all unusual claims plus all claims over \$50,000; and**

Confirmed.

- 5. Discharge planning for medical/surgical patients.**

Confirmed.

- c) Provides quarterly statistics on the effectiveness of Utilization Review.**

Standard reporting does not include quarterly statistics on the effectiveness of UR.

- d) Coordinates with Medical Case Management for effectiveness and efficiency.**

Confirmed.

Helpful information about our ASO

Under the Blue Cross and Blue Shield of Florida (BCBSF) Administrative Services Only (ASO) agreement, BCBSF serves as the Administrator, processing claims and issuing payments from the employer's funds. There is no insurance contract because your group self-insures its health benefits package. Instead, a service agreement is established between BCBSF (acting as the Administrator) and your group (the buyer of administrative services).

Administrative Services Agreement (ASA)

We offer a full service ASO funding arrangement, which includes:

- employee communications and enrollment;
- the use of our extensive networks;
- the use of our utilization review programs;
- our claims processing and customer service capabilities; and
- the use of standard BCBSF banking arrangements.

All banking arrangements must be completed prior to processing any claims or paying benefits under the ASO program. This is accomplished through the establishment of an Administrative Services Agreement (ASA) between you and BCBSF. This Agreement contains the terms and conditions of the ASO funding arrangement, including a description of the benefit plan selected, a list of services we will provide, and a schedule of the administrative fees which you agree to pay.

The ASO Bank Account

Prior to the implementation of an ASO funding arrangement, a satisfactory credit review must be completed and approved by BCBSF. If complete credit reporting information cannot be obtained from our credit reporting vendor then other documentation of financial performance will be required of your group, such as audited financial statements. We reserve the right to obtain a deposit and/or a letter of credit should the credit review process suggest it to be a high credit risk. The credit review can be conducted at any time during the contract year and at subsequent renewals as necessary to protect us from undue credit risk.

We use our own bank account to pay claims. Approximately 15 days after the end of each month, we will bill your group for the amount of actual claims paid in the preceding month.

- We will provide your group the ability to download and view a detailed report of the actual claims paid for the previous month. Payments will be made by direct debit ACH to your group's local operating bank account to be initiated by us on or immediately following the due date. Prior to the effective date of your group, you will need to provide us the bank name, contact, account number, ABA/Routing number, and a copy of a letter to your bank granting us permission to debit the account for paid claims each month.

- If the direct debit ACH transaction cannot be conducted prior to the tenth calendar day of the month due to refusal by the group's bank to allow the transaction to occur, the payment is considered late and is subject to a charge, calculated on a daily basis, at an annual rate of 15 percent. Any such charge will be added to the amount due on the next billing.
- Approximately 15 days before the first of each month, we will bill your group for the monthly administrative fees and stop loss premium (if applicable). Payment will be made by check or wire transfer initiated by your group.

ASO Stop Loss Provisions

- The risk taken by your group under the ASO arrangement can be reduced by adding stop loss coverage. Under specific stop loss coverage the maximum payment per individual chargeable to your group is limited to a fixed amount based on claims paid during that contract year.
- Under the aggregate stop loss coverage the maximum claims paid for all individuals chargeable to your group is limited to an amount, expressed in terms of a fixed amount of claims dollars paid per contract.

Advantages of the ASO Funding Arrangement

- You receive single source administration, including:
 - Accurate and timely claims processing;
 - Customer Service with toll-free telephone lines;
 - Access to an extensive network of participating providers, including a traditional wraparound network;
 - A pharmacy network with access to participating providers;
 - Utilization management programs;
 - Employee communication materials;
 - Onsite enrollment and employee education; and
 - A nationally recognized and accepted identification card.
- The ASO accommodates flexible plan design.
- Your group immediately shares in any surplus.
- Your cash flow is improved.
- There is no risk charge in retention.
- You do not pay premium taxes.
- Private employers are not required to offer state mandated benefits.

Considerations

- Your group assumes all plan risks, including monthly claims fluctuations not covered by aggregate or specific stop loss protection;
- Legal services are not provided by BCBSF;
- Your group is responsible for incurred but not reported (IBNR) claims at cancellation; and
- Cash flow may be unpredictable due to claims fluctuations.

BANKING

Describe in detail the banking arrangements you propose to use for the School Board. Please address the following issues:

- a) Does your banking system utilize drafts cashed or drafts issued as the basis of fund withdrawal for claims payments?**

Not applicable. Claims are funded based on checks issued. Claims are paid from BCBSF funds and billed monthly to the client, based on checks issued.

- b) Do you require an imprest bank balance? If so:**

- 1. At what level?**
- 2. How is this determined?**

An imprest bank balance/seed money may be required. Recently audited financial statements will be requested, they will be reviewed by our Corporate Cash Receivables area to determine if a 15 day or 30 day deposit is required. The dollar amount will be determined using the most recent 12 months of paid claims. Depending on the most recent audited financial statements it may be determined that no imprest bank balance/seed money is needed.

The balance is revisited for adjustments each year. It can also be revisited if the number of members enrolled or the average daily claims expenses change significantly. The deposit is subject to complete credit evaluation, which is contingent upon further review of financial statements.

- c) How would the School Board be notified of deposit requirements? Outline the timing and methodology for such notification?**

For imprest balance deposit – customer would be notified by sales.

For payment of claims reimbursement invoices (monthly billing) – the customer will receive a monthly billing with payment terms of NET 10 days. The invoice they receive will state the due-date of the payment. On that date, the ACH withdrawal will take place.

- d) How would an overdraft situation be handled?**

If we receive a notification of NSF or overdraft, we will contact the customer to attempt to draw again that day. Depending on the situation, and length of time it takes to recover the funds, a late fee may be assessed as outlined by the group contract.

e) How often is payment required? (e.g. monthly, quarterly)

Monthly

XVII. Performance Guarantees

As the incumbent carrier, our current PGs will remain in place.

1. Proposers should confirm that they are willing to offer performance guarantees and that they are willing to permit the School Board access to claims offices, personnel and files to conduct audits necessary to verification of performance standards. Performance may be evaluated on a variety of issues, such as:
 - a) If applicable, timely implementation of the School Board's account.
 - b) Timely delivery of finalized contracts for the selected program.
 - c) Timely delivery of identification cards, at and subsequent to initial enrollment.
 - d) For provider directories, timely updates either online or if a significant change that will affect a large portion of members, timely communication notices (s) (either verbal or via mail).
 - e) Timely delivery of monthly reporting.
 - f) Timely delivery of plan documents and HCR summaries (as applicable).
 - g) Wellness program health guarantees.
 - h) Claims turnaround time.
 - i) Accuracy of claims coding and payments.
 - j) Telephone response time, and abandonments.
 - k) Quality of service to plan participants, as measured by periodic surveys.
 - l) Quality and timeliness of claims experience reports.
 - m) Network provider participation, with penalties for drops below pre- specified levels.
 - n) Rate of provider turnovers.
 - o) Access to standards of care.
 - p) Collection or other threats to participants by providers not paid by the Insurer.
2. State the extent to which these measurements will be applied specifically to the School Board's account (account specific) versus your "book of business".
3. Suggestions on criteria for measuring performance and indications of how the organization is set-up to facilitate auditing of performance should be submitted. If the proposer has a performance guarantee agreement, provide a sample for review.
4. Please confirm your firm's willingness to enter into such an agreement and to negotiate appropriate terms, and recommend appropriate incentives or disincentives (meaningful penalties) to make the performance guarantee practical.

BlueCard® Program for BlueOptions

Inter-Plan Arrangements

BCBSF has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as “Inter-Plan Arrangements.” These Inter-Plan Arrangements operate under rules and procedures issued by the Blue Cross Blue Shield Association (“Association”). Whenever members access healthcare services outside the geographic area BCBSF serves, the claim for those services may be processed through one of these Inter-Plan Arrangements.

Typically, when accessing care outside the geographic area BCBSF serves, members obtain care from healthcare providers that have a contractual agreement (“participating providers”) with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (“Host Blue”). In some instances, members may obtain care from healthcare providers in the Host Blue geographic area that do not have a contractual agreement (“nonparticipating providers”) with the Host Blue. BCBSF remains responsible for fulfilling our contractual obligations to the Employer.

This document briefly describes our Inter-Plan arrangements. Additional details are available upon request.

BlueCard® Program

The BlueCard® Program is an Inter-Plan Arrangement. Under this Arrangement, when members access covered healthcare services within the geographic area served by a Host Blue, the Host Blue will be responsible for contracting and handling all interactions with its participating healthcare providers.

Value-Based Programs Overview

Employer’s members may access covered healthcare services from providers that participate in a Host Blue’s Value-Based Program. Value-Based Programs may be delivered either through the BlueCard Program or a Negotiated Arrangement. These Value-Based Programs may include, but are not limited to, Accountable Care Organizations, Global Payment/Total Cost of Care arrangements, Patient Centered Medical Homes and Shared Savings arrangements.

Return of Overpayments

Recoveries from a Host Blue or its participating and nonparticipating providers can arise in several ways, including, but not limited to, anti-fraud and abuse recoveries, healthcare provider/hospital bill audits, credit balance audits, utilization review refunds and unsolicited refunds. Recoveries will be applied in general, on either a claim-by-claim or prospective basis. If recovery amounts are passed on a claim-by-claim basis from a Host Blue to BCBSF they will be credited to the Employer. In some cases, the Host Blue will engage a third party to assist in identification or collection of recovery amounts. The fees of such a third party may be charged to the Employer as a percentage of the recovery.

Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

In some instances federal or state laws or regulations may impose a surcharge, tax or other fee that applies to self-funded accounts. If applicable, BCBSF will disclose any such surcharge, tax or other fee to the Employer, which will be the Employer’s liability.

Non-Participating Providers

When covered healthcare services are provided outside of Florida Blue's service area by nonparticipating providers, the amount(s) a member pays for such services will be based on either the Host Blue's nonparticipating healthcare provider local payment or the pricing arrangements required by applicable state law. In these situations, the member may be responsible for the difference between the amount that the nonparticipating provider bills and the payment Florida Blue will make for the covered services as set forth in this paragraph. Payments for out-of-network emergency services will be governed by applicable federal and state law.

BlueCard Global® Core Program

If members are outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands (hereinafter "BlueCard service area"), they may be able to take advantage of the BCBS Global® Core Program when accessing covered services. The BCBS Global Core Program is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although the BCBS Global Core Program assists members with accessing a network of inpatient, outpatient and professional providers, the network is not served by a Host Blue. As such, when members receive care from providers outside the BlueCard service area, the members will typically have to pay the providers and submit the claims themselves to obtain reimbursement for these services.

CLARIFICATIONS

VI. Hold Harmless/Indemnification Provision

The successful Proposer shall hold harmless, indemnify and defend School Board, its members, officials, officers and employees against any claim, action, loss, damage, injury, liability, cost and expense of whatsoever kind or nature (including, but not by way of limitation, attorneys' fees and court costs) arising out of or incidental to the performance of the contract or work performed thereunder, whether or not due to or caused by negligence of School Board, its members, officials, officers or employees, excluding only the sole negligence of School Board, its members, officials, officers and employees.

Our historic and current corporate policy has been to not agree to blanket or broad indemnification provisions. Such indemnification raises liability insurance exclusion issues that would be contrary to the best interests of both parties. Groups have available to them state common law indemnification, if circumstances warrant.

IX. PLAN ADMINISTRATION

- 4) Design, print, and furnish descriptive literature and enrollment material in a sufficient quantity. Additionally, certificates/booklets are to be provided as needed. These certificates must have a readability level acceptable to the School Board. In addition, furnish an electronic version of the certificates/booklets for the School Board to use on their website. These documents must be provided at no additional cost to the School Board.**

As a standard some enrollment material will be provided electronically.

- 5) Mail/deliver booklets, ID cards, or certificates directly to the employees' homes, after the School Board has reviewed a draft and approved it. This review and approval by the School Board is to be completed prior to printing by the successful Proposer.**

Booklets will be available online, but I.D. cards, miscellaneous endorsement, and the summary of benefits will be mailed to individual home addresses. Standard materials are provided and included in the proposed rates.

- 6) Issue ID cards within three (3) calendar weeks (plus four (4) days' mailing time) after completion of open enrollment periods or after enrollment papers are received for new hires.**

Complete and accurate year-end enrollment must be received by December 1, 2019 for ID card receipt on or before January 1, 2020.

- 19) Turnaround 95% of all "clean" claims within ten (10) working days and 100% of all claims within thirty (30) working days. A "clean" claim is a claim submitted with all needed information for proper processing and adjudication.**

Our current report of claims turnaround is 97.52% within 14 days and 99.81% within thirty (30) days.

- 20) Banking arrangements for claims funding will be in accordance with School Board standards. Currently, the administrator submits a monthly claim invoice to the School Board and it is paid monthly**

As the incumbent carrier, current banking arrangements will remain in place.

- 21) Issue EOBs to the claimant within five working days of processing claims.**

Members will be issued a Member Health Statement in place of individual EOBs.

- 22) Create an EOB that meets with the District's approval that uses a format and terminology such that a person not of a medical or insurance background can easily understand the content. This EOB must also comply with Health Care Reform requirements (example: Claims and Appeal procedure requirements).**

We will continue to provide our standard Member Health Statement which complies with Health Care Reform requirements.

- 24) Conduct semi-annual internal audits for claim accuracy and occurrence of incorrect payments. Report results to the School Board within ten (10) working days from the end of the reporting period.**

We are committed to maintaining audit programs to ensure claims are paid accurately and timely. Our audit areas conduct routine claim audits to determine whether claims are processed in accordance with underlying contract benefits, provider contracts (where applicable), and current industry standards.

- 27) Coordinating with the School Board to continue confirming enrollment/eligibility on a monthly basis by comparing the insurer's eligibility record to the School Board's eligibility record in Excel format (as described above in the Billing and Eligibility section).**

As the incumbent carrier, Monroe is an auto enrolled group and sends their files monthly. Our Membership and Billing department sends back a monthly discrepancy report based on the file submitted.

- 33) Provide assistance with regard to: (1) problems arising in connection with insurance laws, (2) tax aspects of the Plan, (3) litigation arising out of the administration of the Plan, and (4) any other legal matters that may arise in the course of the operation of the Plan.**

We will continue to monitor and provide general information regarding federal and state legislation affecting the products we offer to groups. The District will need to seek legal counsel on the specific impact applicable to its group.

- 34) Provide claims fiduciary services. Establish claim denial and grievance procedures which are clearly communicated to members. Grievance procedures should be consistent with all applicable federal and state laws, rules and regulations, including but not limited to Healthcare Reform. Maintain access to a Medical Director to evaluate appealed claims.**

We can assume limited fiduciary responsibility for claims processing. To do so, your plan must extend to us discretionary authority to make decisions concerning claims submitted by plan members. However, we would not assume liability for benefit decisions made by the Plan Administrator and/or Sponsor. Our responsibility as a claims processing fiduciary would be to process claims submitted for members using the care, skill, prudence and diligence one expects from an insurance company and in accordance with plan documents. The Group Health Care Benefit Plan for MCDS is ultimately responsible for claim denials, especially if the funds used to pay for claims constitute plan assets as defined by federal regulations and your group is subject to such regulations.

- 36) Send correspondence using District approved pre-formatted letters to the claimant or provider. The content of these letters must be easily understandable by a person not of a medical or insurance background.**

A standard format, which is normally system-generated, will be used to correspond with members.

37) The School Board will have first review and pre-approval of any correspondence that will be sent to claimants or providers that includes changes/amendments to the plan.

Standard materials are provided.

X. Access to Claims Files

The proposer agrees that the School Board, shall have reasonable access to all claim files created as a result of the claims services to be provided by the successful proposer. For the purpose of this provision, reasonable access shall include making available, upon receipt of five (5) days advance written notice, all claim files for review by the School Board. Further, upon written request of the School Board, the successful Proposer shall make available to the School Board at the School Board's offices and within ten (10) days after the written request, a complete copy of selected files identified by the School Board.

Self-insured groups are permitted to perform audits of our claim processing operations. MCDS can expect our full cooperation in the event they desire to conduct (or have conducted on their behalf by a third-party audit firm) an audit of our operations, provided the scope of such audits is reasonable and in accordance with our external audit policy then in effect. We prefer that such audits be performed no more frequently than annually and that we be given reasonable notice (at least 30 days) for any such audits.

Audits and reviews will be conducted during normal business hours at our offices in Jacksonville, Florida. The auditors will be provided with access to sufficient data (e.g., programs, documentations, operating manuals, etc.) in order to conduct such audits.

XI. Ownership of Claim Data

The School Board shall have all right, title, interest and ownership to all loss statistics created as a result of the services to be provided by the successful Proposer. Further, at the sole option of the School Board, and upon fourteen (14) calendar days' written notice, the successful Proposer shall provide such data to the School Board.

21. METHODS OF AWARD:

a) ***“By Item”***: Each item in the solicitation may be awarded individually to the lowest responsive and responsible respondent.

b) ***“All or None by Group, Section or Category”***: The solicitation will/may be divided into Groups, Sections or Categories of similar types of items when it would be impractical to split the award to multiple vendors. Each Group, Section or Category will be awarded to the lowest responsive and responsible respondent for all items contained within the Group, Section or Category. Respondents are required to propose on all items within the Group, Section or Category in order to be considered for award of that Group, Section or Category. After proposals are opened and tabulated, the Internal Services Department / Purchasing Division reserves the right to delete one or more items within a Group, Section or Category and recommend award of the balance of the items contained within that Group, Section or Category, when to do so represents the best interests of the district.

c) ***“All or None”*** The solicitation will/may be awarded to all respondents to the solicitation, or may be awarded to no respondents. In the event of awarding to no respondents, the school district will issue a “Notice to Reject All Bids”.

d) ***“Primary & Secondary Suppliers or Contractors”***. The solicitation is awarded to both a Primary and a Secondary supplier or contractor when it is critical to have a backup source of supply, or when it is anticipated that only one vendor cannot effectively handle the volume of business generated under the contract. In the event that the Primary supplier or contractor cannot perform in accordance with the district’s needs, the district reserves the right to use the Secondary supplier or contractor at its sole discretion. The Primary and a Secondary suppliers or contractors are defined as the two lowest Responsive and Responsible respondents.

e) ***“Rotating Short List of Contractors”***. An RFQ is awarded to a short list of Responsive and Responsible contractors, the number of which is pre-defined in the solicitation documents. The district will use a list of selection criteria to determine eligibility to make the short list. Project work is rotated through the short list as it is identified. Every effort is made to equitably distribute the workload amongst all contractors.

f) “Qualified Supplier Sourcing” An RFQ (*Request For Qualifications*) is awarded to a listing of suppliers based on qualification criteria. The district will use a list of selection criteria to determine eligibility and award consideration.

BCBSF would be the exclusive carrier for medical benefits.

45. INVOICES AND PAYMENT TERMS: All invoices, packing lists, and correspondence should reference our purchase order number. Unless otherwise stated in the Special Conditions, payment will only be made after the merchandise or services have been:

- **Received complete or substantially complete;**
- **Inspected and found to comply with all specifications and be free of damage or defect;**

Photocopies of original invoices may be sent to other district personnel if they request it, but the original copies must be sent to the District. Failure to follow this procedure may result in payment delays. Occasionally, a school may issue its own internal purchase order. Invoices associated with a school’s internal purchase order should be submitted directly to the school for payment.**

As the incumbent carrier, current payment methods will remain in place.
