AMENDMENT NO. # 2 TO AGREEMENT BETWEEN OWNER AND CONSTRUCTION CONTRACTOR FOR TRANSPORTATION / INTERNAL SERVICES FACILITY, ESTABLISHING A FINAL GUARANTEED MAXIMUM PRICE

Pursuant to Sections 4B and 7A of the Agreement, dated June 28, 2018, between **The School Board of Monroe County, Florida** ("Owner") and **Ajax Building Corporation** ("Construction Contractor"), with respect to construction of the Owner's **Transportation** / **Internal Services Facility** ("Project"), the Owner and Construction Contractor hereby agree to amend and modify the Agreement by this Amendment and establish a Final Guaranteed Maximum Price and Contract Time for all the Work as set forth below:

ARTICLE 1

SCOPE OF WORK

The scope of the Work consists of the removal of contaminated soils and the remainder of the work in accordance with the Agreement, Amendment No. #1, this Amendment and the other Contract Documents listed as Attachments 1 through 7 below, which are hereby incorporated into and made a part of the Amendment by this reference:

<u>Attachment</u>				
<u>No.</u>	<u>Description</u>		<u>Pages</u>	
1.	List of Drawings and Specifications	6	through	25
2.	Alternates Included in the GMP	26	through	34
3.	Allowances Included in the GMP	35	through	35
4.	Schedule of Values	36	through	43
5.	List of Itemized General Conditions	44	through	46
6.	Completion Schedule	47	through	55
7.	Clarifications	56	through	66

ARTICLE 2

GUARANTEED MAXIMUM PRICE

- 2.1 Construction Contractor's final Guaranteed Maximum Price ("GMP") for the Work, including the estimated Cost of the Work as defined in Section 5 of the Agreement and Construction Contractor's Fee as defined in Section 4 of the Agreement, and including the contaminated soils work provided for in Amendment No. #1 of \$543,901.00 and this Amendment for (THIRTEEN MILLION THREE HUNDRED SEVENTY SIX THOUSAND FIFTY ONE) dollars (\$13,376,051) comprises a total of \$13,919,952.
- 2.2 The GMP includes material that may be purchased directly by the Owner ("Owner Direct Purchases"). Construction Contractor will process deductive Change Orders under this Agreement for the actual amount of Owner Direct Purchases, inclusive of sales taxes. Prior to final payment, a final reconciliation of the Owner Direct Purchases against the GMP will be performed and such deductive Change Order will be prepared for the Owner's review and execution.

- 2.3 The Construction Contractor's Fee for the work associated with this Amendment is hereby established as a lump sum amount of (SIX HUNDRED FORTY FIVE THOUSAND FIVE HUNDRED NINETY SEVEN) dollars (\$645,597), said lump sum amount is included within the above noted GMP.
- 2.4 Monthly installment payment of the Construction Contractor's Fee shall be based upon the percent complete of the Work for each particular month.
- 2.5 The General Condition expenses for the Work associated with this Amendment are hereby included as listed in the List of Itemized General Conditions attached hereto and incorporated herein as Attachment No. (5). Except as said not to exceed amount for General Condition expenses may be expressly adjusted by Change Order or Construction Change Directive, Construction Contractor acknowledges and agrees that Owner shall have no liability for any General Condition expenses beyond payment of the above noted amount and Construction Contractor agrees that it shall not be entitled to receive any additional compensation from Owner for the General Conditions beyond the above amount unless approved by Owner in writing. The General Conditions expenses shall be billed on an actual cost incurred basis for each particular month. The monthly pay application will be accompanied by the detailed backup for justification of the General Conditions expenses.
- 2.6 In order to efficiently and timely address any unknown or unanticipated conditions that are within the scope of the required Work and are otherwise reimbursable without duplication as a Cost of the Work, but excluding all items that are to be reimbursed under the General Condition expense amount noted in paragraph 2.5 above, the parties have agreed to establish a Project Contingency Allowance of 3% within the GMP in a not-to-exceed amount of (THREE HUNDRED NINETY ONE THOUSAND SEVEN HUNDRED FORTY SIX) dollars (\$391,746). Contingency funds shall be used to cover costs that may result from incomplete design and unanticipated costs that arise during construction that are not identified by the construction documents. Construction Contractor shall not proceed with any portion of the Work which it intends to charge against this contingency without first obtaining Owner's express written authorization to proceed. The Construction Contractor acknowledges and agrees that any work which is to be charged against the contingency allowance that does not receive such prior written approval from the Owner shall be deemed to be part of Construction Contractor's basic Work compensated within the GMP and not chargeable against the Project Contingency Allowance. The Owner shall not unreasonably withhold approval of the use of the Project Contingency. Unused contingency remaining at the end of the job will be credited from the guaranteed maximum price. Construction Contractor has no entitlement to any portion of any unused contingency. Contractor shall prepare and submit to Owner a monthly report regarding contingency usage and consumption with supporting back up and documentation in a form acceptable to Owner. All contingency expenditures shall be subject to audit and review by Owner prior to issuing final payment.
- 2.7 The parties have agreed to establish allowances within the GMP for the items and amounts identified in attachment 3. Construction Contractor shall not proceed with any portion of the Work associated with the aforesaid allowance ("Allowance Work") without first obtaining Owner's express written authorization to proceed with said Allowance Work. Unused Allowance Amounts remaining at the end of the job will be credited from the guaranteed maximum price. Construction Contractor has no entitlement to any portion of any unused allowances.

2.8 Construction Contractor recognizes that this Contract may include work for trench excavation in excess of five feet deep. Construction Contractor acknowledges the requirements set forth in Section 553.63 of the Florida Statutes titled Trench Safety Act. Construction Contractor certifies that the required trench safety standards will be in effect during the period of construction of the Project and Construction Contractor agrees to comply with all such required trench safety standards.

ARTICLE 3

CONTRACT TIME

- 3.1 The Commencement Date for the contaminated soils removal work was May 31, 2019. The total period of time beginning with the original Commencement Date through the date required for Substantial Completion of the Work is (FOUR HUNDRED TWENTY SIX) (426) calendar days ("Contract Time"). THE SUBSTANTIAL COMPLETION DATE IS THEREFORE ESTABLISHED AS JULY 29, 2020.
- 3.2 Pursuant to the Agreement, the parties have established a liquidated damage rate for reasons stated therein, which the parties acknowledge and agree apply to this Amendment and Construction Contractor's responsibility to complete the Work within the Contract Time as stated herein. Accordingly, the liquidated damage rate established in the Agreement shall be assessed from Construction Contractor for each calendar day Construction Contractor fails to achieve Substantial Completion for the Designated Work within the Contract Time.

ARTICLE 4

MISCELLANEOUS

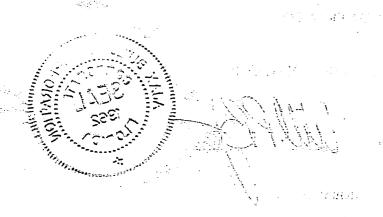

- 4.1 Except as expressly modified herein, the terms and conditions of the Agreement remain unchanged. In the event of a conflict between the terms of this Amendment and those of the Agreement or Amendment No. #1, Owner and Construction Contractor agree that the terms of this Amendment shall prevail and control.
 - 1. <u>Section 4(A) and 4(B): Pre-Construction and Construction Phase Services</u>: The first sentence of Paragraph 4(A) is deleted and shall be replaced with the following:
 - "For all Pre-Construction and Construction Phase Services, including, but not limited to, providing value engineering services, reviewing Construction Documents for constructability, assisting and meeting with Design Professional during the various design phases, and preparing cost estimates, Construction Contractor shall receive the amount of \$103,322.00 as the total lump sum compensation for its Pre-Construction services."
 - "Notwithstanding anything to the contrary, Construction Contractor is not licensed as an architect, engineer, design profession, environmental engineer, or environmental consultant, is not authorized by law to perform design services, and is not providing

professional services, which constitute the practice of architecture or engineering. Accordingly, Construction Contractor will subcontract, in furtherance of this agreement, all professional services required for and arising from the remediation of contaminated soils, including an environmental consultant to generate the Health & Safety and Soil Management Plans as well as monitor the contaminated soils removal process ("Professional Services" or "Professional Services Provider")."

"Owner agrees that the liability of the Construction Contractor for any claims, damages, liability, errors, omissions, indemnity, warranty, professional malpractice, etc., arising from or relating to the Professional Services to be performed by a Professional Services Provider pursuant to the Contract, shall be limited to the sums paid pursuant to the policies provided by the Professional Services Provider ("Professional Services Policy")."

List of Alternates

Within this section we have included pricing for various Alternates for consideration. The pricing for each alternate represents the adjustment required to the Final GMP Proposal to incorporate the proposed change in scope. A summary listing of the proposed alternates is listed below. A detailed estimate for each alternate has been provided immediately following this narrative. All quantities and descriptions listed in the narratives and detailed estimates are part of the alternate pricing provided. The pricing provided includes all applicable mark-ups for bonds, insurance, etc.

- Alternate No. 1 – Provide Curved Top Portion at Aluminum Fencing

- O This alternate includes furnishing and installing a curved top portion of aluminum fencing per Detail 9 on Drawing Sheet AS-010.
- Add \$33,170 to Final GMP Proposal
- o Add 0 calendar days to Contract Time

- Alternate No. 2 – Provide Sand Texture at Exterior Walls

- o This alternate includes providing sand texture finish coating at exterior walls in lieu of smooth finish coating at exterior walls as currently specified.
- o Add \$18,766 to Final GMP Proposal
- o Add 0 calendar days to Contract Time

- Alternate No. 3 – Provide Tie Back Canopy at West Stoop

- This alternate includes providing alternate tie-back rain canopy at west stoop per Drawing Sheet AS-000.
- o Add \$3,006 to Final GMP Proposal
- o Add 0 calendar days to Contract Time

- Alternate No. 4 – Include Moving Assistance Allowance

- This alternate includes providing a Moving Assistance Allowance to assist in moving equipment, furnishing and other items stored at existing facilities to the new facility.
- o Add \$33,154 to Final GMP Proposal
- o Add 0 calendar days to Contract Time

- Alternate No. 5 – Include Vapor Barrier (Liquid Boot) Allowance

- This alternate is to include an allowance for a vapor barrier (liquid boot) or similar system that could potentially be required pending environmental engineering reports' results expected in September of 2019.
- o Add \$384,667 to Final GMP Proposal
- Add 0 calendar days to Contract Time

- Alternate No. 6 - Provide Traffic Coating 2 in lieu of Traffic Coating 1

- o This alternate includes providing Traffic Coating 2 (TC-2) in lieu of Traffic Coating 1 (TC-1) in Rooms 1-109, 1-110, 1-111, 2-200 and 2-201.
- o Add \$50,080 to Final GMP Proposal
- o Add 0 calendar days to Contract Time

- Alternate No. 7 – Provide Aluminum Fence in lieu of Chain Link Fence

- This alternate includes providing aluminum fencing systems to match the aluminum fencing style at the vehicular gates in lieu of vinyl coated steel chain link site fencing and powder-coated steel posts.
- o Add \$25,211 to Final GMP Proposal
- o Add 0 calendar days to Contract Time

- Alternate No. 8 – Provide Allowance for Two-Way Radio Enhancements

- This alternate includes providing an allowance for two-way radio communications enhancement per Drawing Sheet E-301.
- o Add \$60,525 to Final GMP Proposal
- o Add 0 calendar days to Contract Time

END OF ATTACHMENT 2

Attachment 3 Allowances

The following allowances are included in the Final GMP Proposal where a clear scope has not been defined by the Final GMP Documents or where the items require further research. These allowances are for the cost of work only and do not include costs for insurance, bonds, contingency, fee, etc.

It is understood that the Construction Manager's Contract will require adjustments by change order (either additive or deductive) for reconciling the difference between each of the below listed allowances and the actual costs and/or savings realized for each allowance.

<u>Description</u>	Allowance Amount	
Division 01 – General Requirements		
Staff Relocation / Moving Allowance	\$5,000	
Division 31 – Earthwork		
Contaminated Soils Allowance	\$25,750

Attachment 7

Clarifications

Basis of this Final GMP Proposal

- This Final GMP Proposal has been prepared based on the documents listed in the List of Documents included in Section II of this report.
- These qualifications, clarifications and assumptions are intended to supplement the Final GMP Estimate, and are an attempt to inform the Owner and the Design Team of the Construction Manager's interpretation of the scope items which are included or excluded, and which may not be clearly shown or defined by specification, plan, elevation, detail, section, schedule, or schematic.
- The following terms of the Original Contract are hereby agreeably modified as follows: Section 4(A) and 4(B):
 - Pre-Construction Phase Services: The first sentence of Paragraph 4(A) is deleted and shall be replaced with the following:
 - "For all Pre-Construction and Construction Phase Services, including, but not limited to, providing value engineering services, reviewing Construction Documents for constructability, assisting and meeting with Design Professional during the various design phases, and preparing cost estimates, Construction Contractor shall receive the amount of \$103,322.00 as the total lump sum compensation for its Pre- Construction services."
 - "Notwithstanding anything to the contrary, Construction Contractor is not licensed as an architect, engineer, design profession, environmental engineer, or environmental consultant, is not authorized by law to perform design services, and is not providing professional services, which constitute the practice of architecture or engineering. Accordingly, Construction Contractor will subcontract, in furtherance of this agreement, all professional services required for and arising from the remediation of contaminated soils, including an environmental consultant to generate the Health & Safety and Soil Management Plans as well as monitor the contaminated soils removal process ("Professional Services" or "Professional Services Provider")."
 - "Owner agrees that the liability of the Construction Contractor for any claims, damages, liability, errors, omissions, indemnity, warranty, professional malpractice, etc., arising from or relating to the Professional Services to be performed by a Professional Services Provider pursuant to the Contract, shall be limited to the sums paid pursuant to the policies provided by the Professional Services Provider ("Professional Services Policy")."

Scope of the Final GMP Proposal

- The scope of this Final GMP Proposal consists of the following:
 - The Construction Manager's general conditions and general requirements for a period of thirteen (13) months.
 - GMP Proposal No. 1 (Contaminated Soils GMP)
 - The Construction Manager's general conditions & general requirements for six (6)
 weeks
 - Environmental testing and reporting with the goal of gathering information necessary to secure a non-restricted deed for the property (as related to environmental concerns).

- Excavation, removal and backfilling, hauling, clean fill, backfill and compaction to remove the contaminated soils as identified on the Groundwater Results Map as prepared by EE&G Environmental Services, LLC dated 06/05/2017.
- GMP Proposal No. 2 (Final GMP)
 - Sitework and site development, underground stormwater vault, underground fuel storage tanks for a fuel filling station, bus wash, fuel fill station with canopy and site improvements (Total site work area is 1.9 acres).
 - Concrete tilt wall panel structure with standing seam metal roof for a single story Transportation area with offices and vehicle / bus maintenance bays and a two story Purchasing area with offices and a warehouse (Total new building construction area of 14,782 square feet).
- Alternates Please refer to Alternates in Section IV of this report.

Environmental Earthwork

- Please refer to Bid Package 01.04 Environmental Engineering and subsequent addenda.
 - Environmental testing and reporting with the goal of gathering information necessary to secure a non-restricted deed for the property (as related to environmental concerns) is included as follows:
 - Organic Vapor Analyzer (OVA) testing and reporting.
 - Characterization of soils for purposes of disposal.
 - One (1) year of groundwater monitoring and quarterly reporting for the following:
 - ♦ Volatile Organic Compounds (VOCs)
 - ♦ Volatile Organic Aromatics (VOAs)
 - ♦ Volatile Organic Hydrocarbons (VOHs)
 - ♦ Polynuclear Aromatic Hydrocarbons (PAHs)
 - ♦ Total Petroleum Hydrocarbons (TPHs)
 - ♦ It is assumed that one (1) deep 30' monitoring well and four (4) standard monitoring wells are sufficient to adequately monitor and report on groundwater.
 - A site Vapor Assessment is included.
 - ♦ Three (3) temporary vapor wells are included.
 - The following reports are also included:
 - ◆ Soil Assessment Report (SAR) in accordance with Chapter 62-780 of the Florida Administrative Code.
 - ◆ Remedial Action Plan (RAP) in accordance with Chapter 62-780 of the Florida Administrative Code.
 - Two hundred (200) pounds of Oxygen Releasing Compound (ORC) pellets to be installed during backfilling activities are included.

Division 01 – General Requirements

- Clarifications, qualifications and assumptions related to Division 01:
 - We have included the necessary jobsite supervision, mobile telephones, safety supplies, office equipment, office supplies, postage, and document production.
 - Labor burden is included at a fixed rate of 37.03% of actual labor costs.
 - We include a Staff Relocation Allowance of \$5,000.

- We have not included a jobsite office facility for the Owner, Architect, Engineer or their representatives.
- Temporary utility services (water, sewer and electric) are included. It is assumed that all temporary utilities required for the project will be tied into permanent utilities and that these permanent utilities are readily accessible, of adequate size to handle any additional load as required by temporary utilities and that temporary on-site facilities can be located as necessary to prevent the need for any substantial overhead and/or underground temporary utilities.
- The costs associated with temporary water, sewer and electric utilities will be paid for by the Construction Manager through the date of Substantial Completion at which time these utilities shall be transferred into the Owner's name and become the responsibility of the Owner.
- The proposal does not include any tap fees, connection charges, system charges, impact fees, meter fees, or other regulatory requirements/fees as all utilities are being tied into existing utility services.
- Twelve (12) months of aerial photographs have been included.
 - Aerial photographs will be taken with a drone. Flights are limited to a height of fifty (50) feet above the ground as the project is in a high air traffic area.
- We include a project webcam for a period of twelve (12) months.
- Costs related to a threshold inspector are not included and are to be provided by the Owner (if required).
- Pursuant to Article 5.A.4.e of the Agreement, the costs for travel outside of Monroe County for Ajax Building Corporation personnel and all associated subsistence as identified in this GMP are approved by the Owner as a reimbursable project cost.
- Article 29.5 of the base agreement Exhibit A does not apply to this project and any and all costs have been excluded.
- Costs related to Construction Materials Testing and inspections are not included and are to be provided by the Owner.
- All building and environmental permitting costs are excluded from this proposal.
- One (1) each standard 4' x 8' project sign is included.
- An initial site survey is included.
- An as-built survey is included for the final documentation of the location and elevation of the proposed new construction.
- Jobsite cleanup, rubbish removal and rubbish disposal are included.
- The final project cleaning is included.
- Temporary jobsite fencing and gates are included as 6'-0" high chain link fencing with windscreen.
- Silt fencing is included for areas where construction runoff and/or erosion may occur.
- We have included re-sodding areas disturbed by construction activities with seed as necessary to return those areas to their pre-construction condition.
- Temporary gravel, limerock, crushed concrete or asphalt millings is included for the stabilization of the construction entrances.
- We have included costs for Scheduling Software, Updates, Maintenance, and Support within the GMP. The charge for this service shall be \$1,875 and shall be billed as a lump sum amount upon approval of the GMP and issuance of the Notice to Proceed.
- We have included costs for MIS Services related to the project. This includes software updates associated with Ajax standard software provided for cost management, computer operating systems, PDF software, word processing applications, and spreadsheet applications. This includes troubleshooting, virus management/remediation,

malware/adware management/remediation, updates, and maintenance of these systems. This does not include services related to scheduling, document control, and Project Management Controls, which are provided via other applications noted below. This does not included service provider costs for internet/telephone, initial setup, wiring, or connections. The charge for this service shall be \$2,250 and shall be billed as a lump sum amount upon approval of the GMP and issuance of the Notice to Proceed.

- We have included costs for Document Management and Project Management Controls Services. These services will be provided via a cloud based platform that will allow direct access to all Construction personnel, including Owners, Architects, and Subcontractors. Services will include the ability to access/manage the information via mobile devices via the internet. Services included will be Plans and Specs Maintenance and distribution, RFI Control, Submittal Control, Punch List Management, Daily Reports, along with other related functions inherent in the platform. The charge for this service shall be \$14,649 and shall be billed as a lump sum amount upon approval of the GMP and issuance of the Notice to Proceed.
- Performance and Payment Bonds are included.
- General Liability Insurance is included at a fixed rate of 0.89% of the total Final GMP.
- Costs for procuring Builder's Risk Insurance and all deductibles are not included and are to be provided by the Owner. The Owner shall name Ajax Building Corporation as a named or additional insured on the Builder's Risk Policy as it relates to their interests. Any shortfall in coverage shall be supplemented directly by the Owner.
- The Builder's Risk and General Liability Policies do not cover existing construction or existing building components; therefore, the Owner shall list Ajax Building Corporation as an additional insured on their Property Damage Policy or provide for a waiver of subrogation in Ajax Building Corporation's favor.
- Ajax may utilize a Subcontractor Default Insurance (SDI) program for some subcontractors as an alternative to Subcontractor Bonds. When SDI is used, the cost for SDI coverage will be the same cost as the subcontractor's bond cost.
- We have included a Warranty Management Allowance of \$11,279 to address the services as a cost of the work for time to manage issues and project travel during the 12 month period after Substantial Completion. It is understood that Monroe County School District, at Final Completion, will transfer the allowance value stated above to close out the contract and issue a Purchase Order for Warranty Management Allowance.
- A Contingency is included at 3.00%. Acceptable uses of this contingency include, but are not limited to, the following:
 - Buy-out of work not included in previously awarded bid packages.
 - Repair of damages caused by an unknown source or contractor (not including Builder's Risk claims).
 - To improve and/or accelerate the progress of the work.
 - To improve the conditions of the work.
 - For modification of the work resulting from an unknown ambiguity (not an error or omission) in the contract documents.
 - To increase and/or supplement staff as necessary to effectively manage the project.
 - To adjust the reimbursable general conditions in excess of the budget.
- Architectural and/or Engineering Fees are not included.
- The Construction Manager's lump sum Construction Phase Fee is included per Article 4.B of the Agreement as 4.8% of all costs within the GMP for \$645,597 and will be invoiced on a monthly basis to align with overall percentage completion of the work. This Fee is for

- CM overhead and profit and is exclusive of any labor costs as defined in Article 5.A.1, as those labor costs are a reimbursable cost to the project.
- This proposal does not include any provisions for enhanced hurricane protection (EHPA).
- Should the Owner elect to utilize the Direct Purchase Order process to save sales tax, the tax for actual purchases will be credited to the Owner. At the end of the Project, any refund for materials not purchased or surplus materials returned to suppliers plus the applicable sales tax amount shall be credited with an additive Change Order to the Agreement with the Construction Manager and Subcontractor's Agreement. Surplus materials shall be the property of the Subcontractor and no refund or materials shall be due to the Owner.
- A negative allowance in the amount of <\$176,194> is included for the anticipated sales tax savings on the project that can potentially be realized from Owner-Direct Purchase. The Construction Manager will pursue all available material utilized in this project for tax savings. This material will be accounted for accordingly and the running total of realized tax savings will be carried through the remainder of the project. If the full goal of <\$176,194> in sales tax savings is not achieved, the balance of this negative line item will be accounted for via the project contingency, if a balance exists in contingency, if not, an Owner Change Order will be required to fund the remaining negative balance
- Electronic, CAD or BIM "As-Builts" are not included. Ajax Building Corporation will
 maintain "As-Built" drawings at the jobsite throughout the construction phase and provide
 copies to the Architect and Owner at Final Completion.
- BIM Clash Detection and Trade Contractor coordination is included.
- At the Owner's request, we specifically exclude costs associated with moving equipment, furniture, stored items, etc. from existing facilities to the new facility. See Alternates in Section IV for costs associated with Moving Assistance Allowance.

Division 02 – Demolition

- Clarifications, qualifications and assumptions related to Division 02:
 - Asbestos Abatement
 - Asbestos abatement is excluded and has been provided by the Owner.
 - Structure Demolition
 - Structure Demolition work is included in Bid Package 32.01 and subsequent addenda.
 - The water and runoff generated from construction operations will be contained on the project site. It is assumed that the water and/or runoff generated from demolition operations will not require collection, treatment or disposal.
 - It is assumed that abandoned utilities will be disconnected and capped (not removed or filled).
 - We exclude the relocation and/or reinstallation of any existing or temporary buildings, structures, etc.
 - The salvage of any materials, equipment, hardware, furniture, etc. is specifically
 excluded. It is assumed that all salvage operations by the Owner will have already
 been completed prior to demolition.

Division 03 – Concrete

- Clarifications, qualifications and assumptions related to Division 03:
 - We include concrete and tilt panels work per Bid Package 03.01 and subsequent addenda.

<u>Division 04 – Masonry</u>

- Clarifications, qualifications and assumptions related to Division 04:
 - We include masonry work per Bid Package 04.02 and subsequent addenda.

Division 05 – Metals

- Clarifications, qualifications and assumptions related to Division 05:
 - We include structural steel, steel joists, steel deck, metal pan stairs, select tilt-panel embeds, miscellaneous steel, metal ladders, handrails, grates, masonry support steel, and bollards & caps per Bid Package 05.01 and subsequent addenda.

Division 06 – Wood, Plastics and Composites

- Clarifications, qualifications and assumptions related to Division 06:
 - We include rough carpentry and sheathing work per Bid Package 09.01 and subsequent addenda.
 - We include plastic laminate clad architectural cabinets per Bid Package 12.03 and subsequent addenda.

Division 07 – Thermal and Moisture Protection

- Clarifications, qualifications and assumptions related to Division 07:
 - We include Xypex waterproofing per Bid Package 03.01 and subsequent addenda.
 - All other damproofing & waterproofing as is included per Bid Package 09.09 and subsequent addenda.
 - Traffic Coating 1 (TC-2) is included per Bid Package 09.05 and subsequent addenda.
 - Traffic Coating 2 (TC-2) is included per Bid Package 09.09 and subsequent addenda.
 - See Alternates in Section IV for costs associated with providing additional TC-2.
 - We include foamed-in-place masonry wall insulation per Bid Package 04.02 and subsequent addenda.
 - We include standing seam metal roof panels, roofing insulation and cover board as well as sheet metal flashing and trim per Bid Package 07.03 and subsequent addenda.
 - The standing seam metal roof manufacturer is included as Englert per Specification 07 41 13 / 2.1.A. This proposal is based on Englert standard details despite IMETCO details being included on Drawing Sheet A-140. This was clarified in RFI 23.
 - We include penetration firestopping, joint sealants and expansion and control joints per various Bid Packages and subsequent addenda.
 - We include polyurethane caulk at all exterior and interior joints in lieu of silicon per RFI
 35.

<u>Division 08 – Openings</u>

- Clarifications, qualifications and assumptions related to Division 08:
 - We include doors, frames and hardware per Bid Package 08.01 and subsequent addenda.
 - Post-setting of door frames in tilt panel concrete is included per direction from the Monroe County School District.
 - Hollow metal frames in all other openings will be set during masonry and framing activities per Bid Packages 04.02 and 09.01, and subsequent addenda, respectively.

- Bituminous coating of door frames is included only at exterior frames and interior restroom doors.
- We include Door Type D as hollow metal per RFI 10.
- We include R-11 insulation value for exterior doors per RFI 20.
- We include overhead coiling doors per Bid Package 08.03 and subsequent addenda.
- We include storefront window systems, glass and glazing per Bid Package 08.08 and subsequent addenda.
 - We include glass manufactured by PPG/Vitro in lieu of glass manufactured by Viracon per RFI 33.

Division 09 – Finishes

- Clarifications, qualifications and assumptions related to Division 09:
 - Gypsum board, stucco and non-structural metal framing is included per Bid Package 09.01 and subsequent addenda.
 - We include hard tile per Bid Package 09.03 and subsequent addenda.
 - We exclude Porcelain Mosaic Tile (PMT) from this proposal per RFI 18.
 - We include acoustical panel ceilings per Bid Package 09.05 and subsequent addenda.
 - We include resilient flooring and base per Bid Package 09.06 and subsequent addenda.
 - We include painting per Bid Package 09.09 and subsequent addenda.
 - We include smooth finish exterior textured coating finish per RFI 36.
 - See Alternates in Section IV for costs associated with sand finish.

Division 10 – Specialties

- Clarifications, qualifications and assumptions related to Division 10:
 - We include miscellaneous building specialties including toilet accessories, shower accessories, marker and tackboards, fire protection specialties, defibrillator and cabinet, corner guards, metal lockers and exterior flagpole per Bid Package 10.10 and subsequent addenda.
 - We include installation only for toilet paper dispensers, paper towel dispensers, soap dispensers, warehouse steel shelving, metal storage shelving, racking and flammable cabinets (all to be furnished by the Owner).
 - We exclude double tier lockers per RFI 7.
 - We exclude display rails per RFI 14.
 - We include panel signage and marquee signage and lettering per Bid Package 10.04 and subsequent addenda.
 - We include operable partition per Bid Package 10.06 and subsequent addenda.
 - We include aluminum canopies per Bid Package 10.05 and subsequent addenda (Note: Fuel fil canopy is included per Bid Package 12.06 and subsequent addenda).
 - We exclude the tie-back canopy at west stoop.
 - See Alternates in Section IV for costs associated with canopy at west stoop.

Division 11 – Equipment

- Clarifications, qualifications and assumptions related to Division 11:
 - Vehicle and other equipment, including bus wash, vehicle lifts and dock lifts are is included per Bid Package 11.01 and subsequent addenda.

- We include vehicle lifts manufactured by Rotary in lieu of lifts manufactured by Mohawk per RFI 37.
- We include Lift 2 (LIFT-2) as a 2,500 pound lift per RFI 21.
- We include installation only for Hose Reels (HREEL) and Air Reels (AREEL) per RFI 6 (to be furnished by the Owner).
- We exclude dumpsters shown on Drawing Sheets C-200, A-101 and A-102 per RFI 11.
- We include residential equipment per Bid Package 22.01 and subsequent addenda.
 - We exclude freezers (FRZ) per RFI 14.
- We include audio/visual equipment per Bid Package 26.01 and subsequent addenda.
 - We include Flat Panel Displays (FPD) as specified per Bid Package 26.01 and subsequent addenda. No Flat Panel Display 1s (FPD1) are included per RFI 14.
- We include industrial commercial ceiling fans per Bid Package 23.01 and subsequent addenda.

Division 12 – Furnishings / Fuel Fill

- Clarifications, qualifications and assumptions related to Division 12:
 - We include fuel fill station and canopy including fuel canopy concrete per Bid Package
 12.06 and subsequent addenda.
 - We include concrete wraps at fuel canopy.
 - We assume fuel station canopy foundation will be constructed of 5' diameter culvert by 10' long (which assumes bedrock is located within 10'-15' feet of surface) per RFI 34.
 - We include roller window shades per Bid Package 12.05 and subsequent addenda.
 - We include solid surface countertops and manufactured casework per Bid Package 12.03 and subsequent addenda.
 - We exclude bicycle storage racks per RFI 8.

Division 14 – Conveying Systems

- Clarifications, qualifications and assumptions related to Division 14:
 - We include the hydraulic elevator per Bid Package 14.02 and subsequent addenda.

Division 21 – Fire Suppression

- Clarifications, qualifications and assumptions related to Division 21:
 - We include fire protection systems per Bid Package 21.01 and subsequent addenda.
 - The Architect/Engineer of Record shall provide all required fire protection system engineering documents for the project, including all engineering, calculations, analysis, and other data required to set forth the overall design requirements and provide sufficient direction to the construction manager for the layout and construction of the fire protection system(s) and shall be signed and sealed by the Engineer of Record and meet all requirements of the authority having jurisdiction. The construction manager's fire protection subcontractor shall provide all required fire protection system layout documents for the project, including layout, sizing, hydraulic calculations and other construction data that shall provide the requirements for the fabrication and installation of the fire protection system(s) and shall prepare and submit for review/approval, shop drawings and product data for the fire protection system(s) based upon the design documents provided by the Architect/Engineer of

Record. Shop drawings and product data shall not require any additional engineering input, and shall not be required to be signed / sealed by a delegated engineer.

<u>Division 22 – Plumbing</u>

- Clarifications, qualifications and assumptions related to Division 22:
 - Plumbing work is included per Bid Package 22.01 and subsequent addenda.

Division 23 – HVAC

- Clarifications, qualifications and assumptions related to Division 23:
 - HVAC work is included per Bid Package 23.01 and subsequent addenda.
 - HVAC controls system is included per Bid Package 23.08 and subsequent addenda using the Monroe County School District selected contractor, Advanced Controls Corporation.
 - Both Bid Package 23.01 and subsequent addenda and 23.08 and subsequent addenda include industry standard provisions for participating in the commissioning process. It is understood that Commissioning is to be performed by Anston-Greenlees, Inc. and the MCSD.

<u>Division 26 – Electrical</u>

- Clarifications, qualifications and assumptions related to Division 26:
 - Electrical work is included per Bid Package 26.01 and subsequent addenda.
 - It is understood that work as it relates to the primary power is as follows:
 - Provide transformer pad
 - Provide duct bank and conduit as shown on the Electrical drawing sheets.
 - All other elements related to primary are excluded as follows:
 - Furnishing and installing new transformer.
 - Pulling primary wire and terminating high voltage to transformer.
 - ♦ Jacking, boring, or directional drilling is not included for new or relocated utilities.
 - ♦ We exclude Keys Energy costs to add a new power pole for permanent power and / or add phases to existing services (if required).
 - We exclude power and data to Marquee signs per RFI 13.
 - At the Owner's request, we specifically exclude the \$55,000 allowance for the two-way radio communications enhancement per Drawing Sheet E-301. See Alternates in Section IV for costs associated with this Allowance.

Division 27 – Communications

- Clarifications, qualifications and assumptions related to Division 27:
 - Data / communications systems work is included per Bid Package 26.01 and subsequent addenda.

<u>Division 28 – Electronic Safety and Security</u>

- Clarifications, qualifications and assumptions related to Division 28:
 - Electronic safety & security work is included in Bid Package 26.01 and subsequent addenda.

Division 31 – Sitework / Earthwork

- Clarifications, qualifications and assumptions related to Division 31:
 - Contaminated Soils GMP
 - We include all labor, materials and equipment necessary to perform all excavation, removal and backfilling, hauling, clean fill, backfill and compaction to remove the contaminated soils as identified on the Groundwater Results Map as prepared by EE&G Environmental Services, LLC dated 06/05/2017.
 - Also included is rough grading so that the new grade from the excavation area matches existing grades of adjacent areas.
 - Any erosion / sedimentation control required in the performance of this work is included.
 - Final GMP Proposal
 - Sitework / earthwork are included per Bid Package 32.01 and subsequent addenda.
 - We include a Contaminated Soils Allowance in the amount of \$25,750.
 - We exclude auger / anchor cast piles per RFI 16.
 - Please refer to Bid Package 31.04 Environmental Earthwork and subsequent addenda.
 - At the Owner's request, we specifically exclude any costs for providing a vapor barrier (liquid boot). A vapor barrier or similar system could potentially be required pending environmental engineering reports' results expected in September of 2019. See Alternates in Section IV for costs associated with Vapor Barrier Allowance.

<u>Division 32 – Site Improvements</u>

- Clarifications, qualifications and assumptions related to Division 32:
 - We include paving per Bid Package 32.01 and subsequent addenda.
 - We include sidewalks, hardscaping and site improvements per Bid Package 32.01 and subsequent addenda.
 - We include retaining walls, concrete ramps and stairs per Bid Package 03.01 and subsequent addenda.
 - We include all fences and gates per Bid Package 32.03 and subsequent addenda.
 - We exclude aluminum fencing systems to match the aluminum fencing style at vehicular gates in lieu of vinyl coated steel chain link fence and curved top at aluminum fences and gates from this proposal. See Alternates in Section IV for costs associated with aluminum fencing and curved top at aluminum fences and gates.
 - Landscaping and Irrigation is included in Bid Package 32.09 and subsequent addenda.
 - We include Bahia sod in lieu of Bermuda sod per RFI 30.

Division 33 – Site Utilities

Clarifications, qualifications and assumptions related to Division 33:

Site utilities including site potable water, site fire water, site sanitary sewer, storm-tech system are included per Bid Package 32.01 and subsequent addenda.

General

- We include costs associated with the Environmental Site-Specific Health & Safety Plan (HASP), as prepared by EE&G Environmental Services, LLC, dated 03/2019 as well as subcontractor pollution insurance per the following Bid Packages.
 - 01.04 Environmental Engineering and subsequent addenda
 - 03.01 Concrete & Tilt Panels and subsequent addenda
 - 12.06 Fuel Fill & Canopy and subsequent addenda
 - 22.01 Plumbing and subsequent addenda
 - 23.01 HVAC and subsequent addenda
 - 26.01 Electrical and subsequent addenda
 - 31.04 Environmental Earthwork and subsequent addenda
 - 32.01 Sitework & Utilities and subsequent addenda
 - 32.03 Fences & Gates and subsequent addenda
 - 32.09 Landscaping & Irrigation and subsequent addenda
