## MONROE COUNTY SCHOOL DISTRICT Contractor's Refusal to Sign District Standard Form Contract

Please be advised that pursuant to the policies and procedures of The School Board of Monroe County, Florida, all contracts between companies and/or contractors and the School District are to be documented using standard form contracts of the School Board. It is our understanding; however, that you /your company prefers and/or otherwise refused to utilize a standard form contract for goods or services.

Furthermore, Florida Statute §119.0701 requires that all contracts entered into by the Board contain the following requirements:

- (a) Keep and maintain public records that ordinarily and necessarily would be required by the School Board in order to perform the service.
- (b) Upon request from the School Board's custodian of public records, provide the School Board with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the contractor does not transfer the records to the School Board.
- (d) Upon completion of the contract, transfer, at no cost, to the School Board all public records in possession of the contractor or keep and maintain public records required by the School Board to perform the service. If the contractor transfers all public records to the School Board upon completion of the contract, the contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the School Board, upon request from the School Board's custodian of public records, in a format that is compatible with the information technology systems of the School Board.

Failure of Contractor to comply with this section and F.S. §119.0701 may include, but not be limited to, the School Board holding the contractor in default, termination of the contract or legal action.
