

TITLE

Great Educational Moments in Education for Students - GEMS

BACKGROUND INFORMATION

Shining a light on the great things happening within the District schools by employees, students, and community partners. In order to create GEMS it takes leadership of a great Principal, the expertise of wonderful teachers, the commitment of outstanding students, and the support of the caring Keys community. Our GEMS sparkle and shine throughout the District schools everyday! Each month, at the School Board meetings, we will recognize School District employees, students and volunteers; and Community Partners as GEMS.

Board Meeting Date: April 13, 2021
