TITLE

Approval of Fiber Network Agreement with Comcast for MCSD District Wide WAN Connection

BACKGROUND INFORMATION

This contract will provide the fiber network that is the backbone of the MCSD WAN. This includes all schools and non instructional facilities. MCSD applies for ERate discount annually which, in the past, has allowed for discounts up to 73% on this service. Since the ERate discount is based on the current free and reduced percentage of the district we do not have that discount at this time. As such, the NTE amount shown is if no discount was received.

BUDGET INFORMATION

Item Budgeted? Yes

Total Cost: \$ Annual NTE cost \$136,464 (No E-rate discount applied)

Budget Coding: ____

Requisition Attached? NA
